Bobi Brez to Be Among Women at New York Meeting

Pitifully old enough to lead American college women, Mrs. Abe H. Brez, the wife of the late Abe H. Brez, will speak before the American College Women’s Association at the annual meeting of that organization in New York, April 29.

The Nez Perce Indians from Idaho have been invited to poster their Indian war dances for international entertainment at the Nineteenth Annual Meeting of the American College Women’s Association. Music will be provided by the Medicine-Allen, and dance will take place on the floor of the Nation’s largest factory, the Social Service faculty at the Colombo, Baroda, and Exeter students.

The Nineteenth Annual Meeting of the American College Women’s Association will be held April 29 and 30, and will include in its program the presentation of the American Indian war dances.

Many of the students delegates who are coming to the Colombo from the schools of the Ottawa country will be accompanied by their families, and will be present at all of the events.

The students will be housed in the society of the University of Idaho at New York, and will attend the meetings of the American College Women’s Association throughout the week.

Aspen—Not Amour

If we were to read obvious short stories, like The
Aspen—Not Amour, we would be surprised to find
staring at ourselves this way. Our constant pre-
occupation with the love and devotion lost
to us in our youth, her romantic charm and
candor, our pursuit of a life in which we need
not be aware of the reality. We would likely
doze off before it was over. It would be more
like a dream than a story.

The purpose of the story is to show us that
our life is not all about love and romance. It
is about being true to ourselves and finding
happiness in our own lives.

A Piece Of Bread

The bread eaten at the summit of the
Aspen—Not Amour mountain was not
as good as the bread we ate at home.
However, it was still a pleasant expe-
rience. The taste was quite different,
and we enjoyed it nonetheless.

The bread was made with local
ingredients and had a unique flavor.

When I was younger, I remember
thinking that all bread was the same.
But as I got older, I realized that
each type of bread has its own
character.

Pushing ahead, we continued our
journey up the mountain. We
enjoyed the view and the fresh
air. It was a perfect day for a
hike.

After a while, we reached the top
of the mountain. We took a
moment to appreciate the
view and then continued on our
way.

As we walked, I couldn't help
but notice the beauty of the
landscape. The colors were
vibrant and the air was fresh.

It was a wonderful experience
and one that I will never forget.

Coming of Springtime Confined by Coeds

Dear Jason,

I am writing to express my concern about the way
things are going at our school. It seems as though
everyone is so focused on the upcoming spring
time that they have forgotten about the rest of
us.

I've noticed that people are spending more and
more time outside, ignoring the indoor activities
that we do have available to us. It's like we're
becoming a bunch of outdoor bums.

I think it's important for us to find a balance
between enjoying the weather and not neglecting
the opportunities we have inside. We need to
make sure that everyone is involved and having
a good time, whether they're on the field or in
the classroom.

I hope you agree with me. Let's make sure that
we're all making the most of this beautiful
weather and not just letting it go to waste.

Sincerely,

Play Has Food For Thought Behind Frosting Of Comedy

JANUARY 2, 1928

A few people were sitting in the audience,
looking at the empty stage. One of them
whispered to the person next to her, "Do
you think they'll have any food for the play?
"I hope so," said the other person, "I'm really
hungry." And with that, the curtain went up,
and the audience was treated to a night of
laughter and thought-provoking comedy.

The play was about a family who was
struggling to make ends meet. They had to
sacrifice many things in order to provide for
their children. But through it all, they never
lost their sense of humor. It was a heartwarming
story, and it made everyone in the audience
laugh out loud.

The actors were talented, and they
brought their characters to life in a way that
made the audience feel like they were part of
the family. The costumes were also
impressive, and they added to the overall
atmosphere of the play.

I highly recommend seeing this play if
you have the chance. It was a fantastic
experience, and it left me with a lot to
think about.

Sincerely,

Aspen—Not Amour

For Aspen—Not Amour

When we think of Aspen, we often think of
the ski slopes and the beautiful mountains.
But what about the people who live there?

A couple of my friends and I decided
to spend the day exploring Aspen and
learning more about the people who
reside there.

We started our day at the local
coffee shop, where we met up with
some locals. They were all so nice
and welcoming, and they told us
all about their favorite places to
visit.

Next, we went to a local museum
and learned about the history of
Aspen. It was fascinating to hear
about how the town grew from
a small mining town to the
luxurious retreat it is today.

We then decided to take a hike
up the nearby mountain. It was a
bit of a challenge, but we
managed to make it to the top.

When we got there, we were
rewarded with a beautiful
view of the entire Aspen area.

It was a wonderful day, and we
all felt more connected to this
special place.

Sun Clothes Tailored-For-Action

It's not enough to have them beautifully tailored—but they also have to come in fine fabrics made especially for action under the sun. Davids' (the greatest colorist) has done the color and harmonies—oh, that's enough said.

No Candy, Tight Schedules Trouble Touring Vandals

One month when the Vandals were in Boise, a member of the team had 19 days of leave. With only 11 days in the drill, he rushed to the airplane when he found out that 19 days of leave had been granted him. The Vandals then advised the men and the assistant coach to return them to Boise. The University Secretary held a special meeting of the Board of Trustees in Boise to get the approval of the men's requests. The Board then returned them to the University of Idaho, where they were again released to the University of Idaho, where they were again released to the University of Idaho.

More Information On Campus Chests

A Campus Chest is a self-service laundry on the campus of an institution. It is used for the purpose of providing a place for students to wash their clothes. The Campus Chest is usually located in the basement or basement of a building. It is open to the public and is available to anyone who wishes to use it. It is usually operated by the institution's laundry department.
