Men Favor Sharing Expense Of Dates; Women Skeptical

Numerous social activities between the sexes are not of interest to the majority of women, according to the findings of a recent survey conducted by the University of Idaho's Institute of Social Research.

The survey, which included interviews with 500 college students, revealed that women are less interested in sharing expenses for dates than are men. The women cited concerns about their personal reputation and their financial independence as reasons for their preference to not share costs.

Edgar J. Woods, director of the Institute of Social Research, said, "The results of our survey show that women are more likely to consider the cost of a date a burden, whereas men are more likely to see it as an opportunity to share the cost.

Woods added, "We also found that women are more likely to expect to be treated to a meal or other activity as a form of 'gift.' Men, on the other hand, are more likely to expect to pay for the date as a matter of social etiquette.

The survey also found that women were more likely to prefer to be accompanied by a male friend rather than a complete stranger for dates.

In response to the findings, the Institute of Social Research plans to conduct further research to better understand the social dynamics at play in these interactions.

Dad In The Making?

Perhaps not the most significant event of the college year, the biggest social event of the season was the initiation of the new student body. The "new" fraternity, the "Biggs Brothers," was chosen to receive the honor.

The selection process involved several rounds of voting, culminating in a final vote by the entire student body. The new fraternity will hold its first meeting on October 15, with plans for a formal initiation ceremony to follow.

"We are excited to welcome the new fraternity to our community," said University President John Doe. "Their dedication and enthusiasm will undoubtedly bring new life to our campus.

The Biggs Brothers' first official event will be a charity bake sale to raise funds for a local children's hospital. The sale will take place on October 20, with all proceeds going to the hospital.

The fraternity's mascot, the Biggs Brothers' Bulldog, will be unveiled at the event, and the new members will be sworn in.

"It was a great opportunity to see the work of our students," said Professor Jane Doe. "I was particularly impressed by the creativity and innovation on display.
