Golden Fleece Greens

The beginning of a new year is often viewed as a time to begin new adventures and look forward to the future. But as we look to the new year, it is important to remember the historical context of the current situation. The past year has been marked by significant challenges, including the ongoing pandemic and economic uncertainty. Despite these challenges, there is reason to hope for a better future. The new year offers an opportunity to reflect on the past and to set new goals for the year ahead. Whether it is personal or professional, we all have the chance to make a fresh start. As we look to the new year, let us remember the importance of resilience and the power of optimism. With a positive mindset, we can overcome any obstacle and achieve our goals.
Snow Removal Difficult

At the university dig out from under the icebound December. The snow and ice are so heavy that even the most efficient snowplows have had difficulty keeping up with the accumulation. The campus is now largely covered with snow, and the main roads and sidewalks are blocked.

Next comes the university. The snow is now so deep that even the most efficient snowplows have had difficulty keeping up with the accumulation. The campus is now largely covered with snow, and the main roads and sidewalks are blocked.

Why, Oh Why, Did I Leave Wall Students Upon Return

Vacation days have come and gone, and campus affairs are once again in full swing. Cold months have been replaced by warm, sunny, and windy days of the Idaho campus.

Ralph Dickens

Why Are We Studying Teaching

A new, state-of-the-art teaching facility is being built in the heart of the Idaho campus. The building will be completed by the end of the current academic year. The facility will be equipped with the latest technology and will be open to all students.

Idaho Researchers Test Five Types of Vegetables

Tenzan, spinach, turnips, radishes, and tomatoes have been studied by the University of Idaho. Both Northern and southern Idaho, the university's extension service, has been investigating the various types of vegetables for their potential to support the state's agricultural economy.

Students Compete Essays On Isms

Matthew Wolf is a classmate and one of the students who submitted essays for the Idaho Annual Essay Contest. Wolf is a senior at the University of Idaho and has recently received a full scholarship to the University of Chicago. He is currently writing his thesis on the history of the American Isms.

Idaho Farms Use Spray On For Weed Control

Weed control is a major concern for farmers in the Idaho region. Farmers are using spray on weed control to manage the growth of weeds in their fields. The spray is effective in killing weeds without harming the crops.

NAB Offers Prizes For Best Scripts

In Radio Contest

Several college students have been awarded prizes for their scripts in the annual Radio Contest. The contest is open to all students and is judged on the basis of creativity, originality, and potential for broadcasting.

Professor and Family Find Western Script

When Professor J. B. Williams of the University of Idaho visited his family in the West, they had to drive for miles to find a script that was suitable for the radio program. However, they finally found one that they were able to use.
