Features of the show include a rousing opera, a stirring song, and a moving dance. The opera is performed by the Idaho Opera Theater, and the song and dance are performed by the Idaho Dance Theater.

The Main Line, written by Howard Strick, tells the story of a young man who returns to his hometown after being away for many years. He is greeted with a welcome home party, but he soon realizes that his hometown has changed and he is not welcome there.

DEAR JASON

I read with interest the Times story about your recent visit to Moscow. Although the article didn't mention the subject of music, I believe the topic is quite relevant to the discussion of the Arts Council and its impact on the community. It seems that the Arts Council has been successful in bringing international artists to the area, which is a positive development.

The Times's coverage of the Arts Council's activities is admirable, and it is important to recognize the efforts of individuals who are working to promote the arts. However, I believe that more could be done to support local artists and organizations. Perhaps the Arts Council could consider offering grants or other forms of support to local groups, which might help to foster a stronger sense of community and engagement with the arts.

I appreciate your attention to this issue, and I look forward to hearing more about the progress of the Arts Council and its ongoing projects.

Sincerely,
[Your Name]
