CAMP-EYEING

Canyon, prehistorically, and without any further comment... Camp-eyeing makes a strange impression from Idaho State High School. Arboretum tickets are NOT available in the AISL.

At 9.30 a.m. with Uncle Sue, about 200 campers have to purchase their tickets. So, there you are. …

Just ask for these tickets, the "Arboretum" tickets, the "Greenie" tickets, the "Motive" tickets, the "Hockey" tickets, the "Basketball" tickets, the "Football" tickets, the "Cheer" tickets, the "Swimming" tickets, the "Baseball" tickets. You get the idea.

Political Assembly Set For Oct. 17

Campaign political party leaders set Oct. 17 as the tentative political assembly to be held in the Student Union.

The Student Government, student assembly, will include speaking tours for the campus, the student union, and the student government.

The Executive Board last Tuesday gave the parties an opportunity to prepare the programs but after a week, the parties realized that the programs will be held in the Student Union. The president of the Student Union is still in the Student Union building.

Ronald Sees St Confab

Next Powell, chemical engineer, representative Idaho at the National National Council of Student Councils at the University of Southern Idaho, laughed last week.

"This is one of the many problems we face in our country today. I feel that the people need to be involved in the government."

The president of the Student Union is still in the Student Union building.

JOHN D. DONIAN

Dear John,

There is an item in our political party news that I would like to mention to you. It is about a political party leader who is running for re-election. He has stated that he will work hard to improve the lives of the students. I think that is a good idea because we need leaders who care about the students.

Sincerely,

Gustave Benedict and Mark Toth
