Campus Leaders Eye Problems At Retreat

By NEIL LEITNER

The Student Senate was forced to discuss student government at last Monday's meeting after a previous meeting had been canceled. 

The meeting is designed to bring together leaders from various student government groups in order to discuss their problems and goals. 

The participants include representatives from the Student Senate, the ASUI Executive Board, and the Boise State University Student Association.

The leaders discussed various issues facing student government, including funding, administrative support, and the need for more communication among the different groups.

One of the key points discussed was the need for better coordination between the different student government organizations. 

The leaders agreed to work towards creating a more unified approach to student government on campus.

The meeting concluded with a call to action for all student government leaders to work together to address the challenges facing their organizations.
CUP -- A Political Revival

In a year of deepening political thought on the national level, there is a hope for an awakening and revival of constructive political activities on the Idaho campus. Many students believe that the Argonaut represents a political awareness, and that through the organization of fusion groups and the creation of the Campus Union Party, they can bring sweeping change to the political scene.

The advertisement is a plea for an immediate action on the part of the students to turn to the Campus Union Party. The students believe that only the Campus Union Party can achieve anything concrete in the political field. The students believe that to benefit the campus organization in an immediate way, the students must act together.

Students Get Code Booklets

During the past summer the office of Student Affairs re-edited and re-publicized the University's Honor Code. The booklet was first placed at the hands of the students in January and has been used as a guide in a long-range program. It is now in a black cover and printed in a more attractive format. AWS has been placed in charge of distributing the booklets to all students in both women's and men's colleges. EPL and the administration of the organizations will be responsible for seeing that the booklets are distributed. The booklet is intended as a guide and help to students for everyday life on campus, and as a way to keep track of the United Connection in Middles, which all the Sport will attract.

On The Beach—

Vandals Lose Steam at MSU—Reason—Lack Of Attention?

The Little Brown Stain has left the Idaho campus—at least for this year. With the Stain also gone any worries this season has of picking a winner, one that seems to be a sure bet.

The news that Montana had beaten Idaho 14-10 last Saturday afternoon was the last thing the Idaho campus could have wanted.

Mary Schrader, communication student, said, "It was just too bad."

How the Grizzlies beat Idaho may be in explanation.

The Montana team was not at full strength. Lawrence Underhill, a star running back, was out of the lineup. But the Grizzlies still managed to run the Idaho defense off the field.

It was obvious to everyone that the game was played for the radio that afternoon. Montana’s opponents were the first to finish in the opening minutes of the game, Idaho dominated the rest of the game with the exception of the second half when Idaho was well in the game.

The Idaho team had their chances, but they were not enough to win.

Future Vandals Foes Do Well

The Swan Falls football team faced last year’s Idaho second-string team.

The Idaho team was defeated by Montana 32-20 in the season opener for both teams.

The Idaho team was in the lead for most of the game, but Montana came back strong in the second half to win.

Harriers Open Season With Start Against WSU, Zags

The Harriers football team was defeated by Washington State University 38-0 at thesstad.

The Harriers had a chance to win the game, but they were unable to capitalize on their opportunities.

Idaho Skiers Offered Jobs

Six Idaho skiers have been offered jobs with the Bonneville Ski Club. The ski club will be hiring skiers to work at their ski resort, located near the ski area.

One of the skiers who was offered a job was an expert skier. He was offered the job because of his experience and skills.

The ski club is looking for skiers who can work in different capacities, from ski patrol to risk management.

Grizzlies Tip Vandals; Ten Win String Broken

The grizzly’s second half was a complete domination of the Idaho Vandals, 28-18 in the game played in Moscow.

The first half of the game was even, with both teams scoring to enter halftime at 10-10.

In the second half, the Grizzlies took over, scoring 18 points in the final 20 minutes of the game.

The Vandals’ second half was a disappointment, as they were unable to score.

The game was won by the Grizzlies, who have now won 10 games in a row, tying the school record for most consecutive wins.
