Lousie Yandenbork's Dreams Are A Fairy Tale Come True

This story of a University of Idaho coed and her dreams really could be described as a fairy tale, but it is true.

When she was graduated from high school, Louise Yandenbork was the top student in her class, was an "A" grade point average, Louise received a scholarship to the University of Idaho. But even that seemed destined to be lost.

The story begins with a question, "What school do you want to attend in the fall?" For Louise the answer was obvious, but for many others that question brought confusion. Louise was good at math, but she had found that she was more interested in psychology than in mathematics.

Miss Yandenbork believes she was chosen by a power greater than herself. She thought psychology was the right choice because it was a subject that interested her. She also knew that it was the right choice because it was the right choice for her.

The University of Idaho has a psychology department, and Miss Yandenbork was accepted into it. She was relieved to have avoided the problems of choosing a college and major.

Ross To Become New Head Of Dairy Science Department

A change in dairy science department has taken place. Dr. Richard H. Ross has been appointed new head of the department. He was announced today by President E. R. Kienast, chancellor of the Idaho State University.

Dr. Ross has been associated with the university since 1938. He is a native of Idaho and has been a member of the faculty for 14 years. He has been engaged in dairy science work for over 30 years.

In recent years, Dr. Ross has become interested in the study of dairy products. He has published several articles on the subject and has been a member of the American Dairy Science Association. He is also a member of the Idaho Agricultural Experiment Station.

Honorary Will Be Installed

Installation ceremonies for Dr. Ross will be held today at 2:30 p.m. in the main auditorium. The Honorary will be installed by Dr. Ross.

Tri Delta's Give Scholarship

Highlighting the three-month period from February 20 to May 1, the Tri Delta, a women's sorority, is sponsoring a scholarship to a student in the University of Idaho. The scholarship is intended to help students in the study of languages.

The sorority has set up a committee to select the recipient of the scholarship. The recipient will be announced at a later date.

Tri Delta's is a women's social organization that is affiliated with the University of Idaho. The organization has been active on the campus for many years.

Martin To Be RLIC Leader

Warren Martin, Phi, was named aRLIC leader for 1950-51 at a recent meeting of the ARLIC leaders. The meeting was held in the Library Conference Room.

The meeting was attended by the ARLIC leaders, who discussed various problems facing the organization. The meeting was also held to discuss the organization's plans for the coming year.

The ARLIC leaders are planning to hold a series of meetings to discuss various problems facing the organization. The meetings will be held at various times and locations.

CUP Plans To Be Laid

Meeting was held on the campus yesterday to discuss plans for the upcoming academic year. The meeting was attended by several members of the CUP, including President J. H. Thompson.

The CUP plans to hold a series of meetings to discuss various problems facing the organization. The meetings will be held at various times and locations.
Mock Meet Minus Moseky

Idaho's mock political convention last week was an all-student show that had to survive being called off at the last minute due to a lack of what some would consider resources. It was a significant event for the Student Government Association (SGA) and for students who planned the event, but it was also a disappointment for many who had looked forward to participating.

This happened in Pullman four years ago when the entire student body came together within an orbit of a nonexistent title. Alas, the convention was canceled after attendance at the SGA meeting of its most colorful baseball court. Arthur Rock, Slugger of the SGA's highest altar, couldn't be found, and the rest of his team vanished into the distance.

Moseky's conversion also had its moments of fun and frustration. He had been toying with the idea of running for governor, but the election itself was not scheduled until next fall. As a result, the conversion never actually reached a realistic stage and was attended by only a few at the SGA meeting.

Interestingly, despite the lack of interest, the convention attracted some attention from the media. The Idaho Statesman and other local papers ran articles about the event, and a few students from other states also showed up to participate.

Despite the lack of interest, the convention had some positive outcomes. It served as a chance for students to engage with local politicians and to learn more about the political process. Additionally, it helped to build a sense of community among the students who attended.

In the end, while the convention may not have been a complete success, it was still an important step in the development of a stronger, more active political community on campus.
B. Homer, President, and Mrs. Thomekle, and Dr. R. B. Rall, President of the University of Colorado, also attended.

During the course of the meeting, a number of items were discussed, including the financial status of the arboretum, the need for additional funding, and the importance of volunteers in maintaining the facility.

The meeting concluded with a vote of thanks to all those who attended, and a call to action for all members of the community to support the arboretum in any way they could.

Alphabetical Order

The meeting was called to order by President Homer, who welcomed everyone and introduced the agenda.

First Order of Business

President Homer presented the annual report of the arboretum, which included a summary of the year's activities and financial statements. The report was approved by the members.

Second Order of Business

Dr. Rall, the President of the University of Colorado, gave a brief address on the importance of the arboretum in the academic and research mission of the university.

Third Order of Business

Discussion of the budget and financial status of the arboretum was led by the treasurer, who presented a detailed financial report.

Fourth Order of Business

Members were encouraged to participate in the discussion, and several suggestions were made for improvements and future projects.

Fifth Order of Business

The meeting ended with a vote of thanks to all those who contributed to the success of the arboretum during the year.
Baseball Team To Face EWC

The Vandals baseball club will take a part from its Northwest
Division wars and tackle Eastern Washington University to
make the series count. The game was played in the Clancy town in the first game, and Larry Johnson
headed up the team in the third game. The series ended
unfortunately hurt the Vandals.

The Oregon scored at 4-3 and later added 2-1, 3, 4, Friday after
the 8-3 win over Seattle University.

The Vandal ended up on the wrong side of the score for the 6th and 7th inning in Northern Pacific. The

It was set the pitcher's fence, however, for they limited the Oregon
deck in a total of 11 innings during the two game weekend.

Coach Wayne Anderson charged his team to be the "insurance

The Vandals, who are a part of the Western Intercollegiate
Conference, played the second series against the Northwestern Division with a 4-1 record.

The Week ended with the Vandals leading the conference by .8-2, 5-3, and the Concrete Division by 4-1.
