Idaho Hopes To Give Shoe To Rival Washington State

Mike will be out to give the "walking shoes" back to Washington State tomorrow when the Vandals host the Cougars in the Pac-10 Conference opener for both teams.

The living ball game possession of the traditional shoe at the end of the lid, Mike had a game-winning steal in the second half of last week's game, which gave the Vandals a 70-69 victory over the Cougars.

The Vandals have been razor-close in every contest so far this season. Mike, the hardworking Melvin and the hungry team, will be waiting for their next opponent to take the court.

So far this season, opponents have been able to score 92 points against the Vandals.

Mike believes the Vandals have a strong chance to win this game.

**Vandal Attack**

The team's strategy will focus on protecting the ball and maximizing their offensive chances.

Mike, along with his teammates, is ready to prove that the Vandals are not just a name on the books but a team to be reckoned with.

Jim Herndon On The Bench

Even wonder who won the first Idaho-WSU game? Well, each side did its part according to an old newspaper clipping that I found in my old dust-covered Vandals notebook. It says something like, "This is the team that won the first Idaho-WSU game." Bitter rivalry between the two teams has been a staple of the game in recent years.

This year, the first game is set to be held on the Idaho campus. We can only hope that the game will live up to the previous years' excitement. Let's wish the Vandals good luck!

Douglas Still Wins-Ore. Next

The Vandals lost their 13th game of the season to Oregon, ending their winning streak at 15. However, the team played well throughout the game, scoring several important points in the second half. If they can build on their performance, they can continue their winning streak against Oregon.
