**Is Prestige Important?**

When a high school graduate considers applying for college, the prestige of the school is just as important as personal instruction and the reputation the students who have attended. In fact, all the factors of a school should be strongly considered.

No doubt prestige is more important than the quality of an education.

**Gregory Needs You!**

**Book Buying Policy**

**AN OPEN LETTER TO ALL STUDENTS:**

We would like, at this time, to state our book buying policy so it will be fresh in your mind.

First, let's dispense with an obvious fact which seems to be prevalent at this season of year. YOU ARENT GOING TO GET YOUR DOCTOR'S BOOKS TO READ THEM. You are going to relieve the freight load book (if you are a hitchhiker!), so you can have books for the next two semesters—and in the process—aquire some loose change, and perhaps money for yourself.

Second, let's classify the books you will have for use. They will be divided as follows:

- Current—copyright books, now in use by the campus and which professors have told us to re-use, and on which our existing stock is inadequate for support of the current semester. We will be prepared for the next two semesters—and in the process—aquire some loose change, and perhaps money for yourself.

- Next semester—books available for use in the next semester. We will be prepared for the next two semesters. We will be prepared for the next two semesters.

- Class 2—Several titles of current copyright books have been cropped on our campus but are still being used on other campuses. Therefore, we allow a used book to be returned to our stock. Obvously, libraries must keep books at a low enough figure to cover their operating costs, including personnel, property costs, salaries, materials, traveling expenses, and the possibility of a title going "out of print." We will pay you for books at the rate of $1.00 for a new book. It is worth $1.00 to us if you bought it for $1.00. We will pay you $1.00 for the next two semesters—and in the process—aquire some loose change, and perhaps money for yourself.

- Class 3—class consists of odd elections, out of print books, used books to be returned to us, or to the library, and you had best keep them for your private edification.

We hope this letter will explain a few of the complexities of the book buying business. We hope you will see the use of the book as a means to an end, and that you will not hold us too responsible. We hope you will see our policy as a simple way of making sure our campus has the books it needs.
