Let's Be Realistic

Inter-fraternity Council and Pan-Hellenic Council meet last night to reach a compromise over final exam schedule. Student groups should be published as scheduled.

Their decisions were not known at the time of the meeting, but the meeting was adjourned until next week to allow for necessary adjustments to be made.

The President of the Residence Halls Council, J. C. Smith, today stated that they would be meeting next week.

Through the lack of decision-making by the student groups, he said, "We have no option but to proceed with the meeting as scheduled."

"It is evident that any action to delay publication of living group grades must come in conjunction with a recommendation from Executive Board," he said.

He went on to add, "The public issuance of grades was evidently eliminated after the meeting of the student groups."

"Although I regret the delay, I believe it is for the best. We have nothing to lose by waiting."

"I agree with Mr. Ferris. This is the only course we can follow," he said.

"If, through.shortcuts and delays, we fail to publish the grades, it will be the fault of the student groups for not acting in a timely manner."

Ferris said that his vote was a form of protest for the vandalism that occurred last night.

"I don't see how the student groups can possibly maintain their grades," he said.

"It is evident that any action to delay publication of living group grades must come in conjunction with a recommendation from Executive Board," he said.

Dear Jason,

I'm glad that you feel this way. You are not the only one who feels this way. I hope you will continue to feel this way.

In the meantime, I hope you will consider the possibility of alternative action. There are several steps you could take, such as contacting the administration, the faculty, or the student government. You may also wish to consider contacting the local newspapers orradio stations.

I hope you will continue to feel this way.

Sincerely,

**E-Board Hears Report On Revealing Of Grades**

A major controversy developed in the big grade policy group over recent weeks, and in both public and private discussion, the issue of revealing of grades to students has come close to overwhelming the discussion of the important problem of Exempted tuition. The policy group decided to reconsider its position on the matter of revealing of grades.

The policy group was formed in response to the increasing concern over the issue of revealing of grades. The group has been working to develop a policy that would address the needs of both students and the university.

The policy group met several times over the past few weeks, and has been working to develop a policy that would be fair to both students and the university. The group has been discussing the pros and cons of revealing of grades, and has been working to develop a policy that would be fair to both students and the university.

Idaho Stops Montana
In Lewiston Opener

The Vandals, who had won just one meeting this season before going to Missoula against Montana, have had a mild upturn in their fortunes at Lewiston. The Vandals' 79-0 shutout over Montana yesterday was their third consecutive shutout, all of which have been against Montana State. The Vandals have now scored 34 points in their last three games, compared to just 17 for Montana State.

Running, House, Proxkey Work
Keeping Henden Occupied

Improving the athletic department's situation in Lewiston was achieved with several moves. "We're getting more people to the track and field events," said President Benson. "Our target attendance at the track meet should be around 1500 people, and our total attendance should be around 2500 people."
