**New President Warns Of Over-Organization; Says Students Have Rights To Voice Opinions**

Students, who have been accustomed to the high degree of organization that has characterized the University of Idaho, are being warned by the new president that they have a right to voice their opinions.

"The university is not a democratic institution," said the new president, "but it is a place where students can express their ideas and have their voices heard."

Students have been expressing their concerns about the over-organization of the university, and the new president is telling them that they have a right to speak out.

Vandal Battle Is Fought In SUB — On Mural

A great battle is being fought in the basement of the Student Union Building—at least in mural form.

A mosaic depicting a Viking battle is being drawn on the wall opposite the entrance to the Diary. As you enter the room, a sight that can be washed down and cleaned from the wall is presented.

As you look up, you see a Viking. He is followed by another Viking, and then another. The wall is completely covered with pictures of Vikings, and each is fighting the other.

Each color is in the right place and is being put together to form a Viking.

The project must be finished by the end of the semester.

I need more people to get excited about it today. I just want to be sure that everyone has the opportunity to participate. But if they have any ideas, I'll listen.
Spur Plan Eliminations

Sports

By JOHN JAMES

Ever seen an athletic news director's office? If you haven't look at Tom Hartley's. This 8-year-old father of three children is surrounded by pictures of Idaho, the Northwest and the University of Idaho. And he knows about sports.

It's Hartley's job to keep the Idaho State newspapermen, decide on the "outside" of the Idaho. This is one of the toughest jobs in the Western world. But in 1940, when Tom Hartley was hired as a sports editor by the University of Idaho, he was on his way to becoming one of the outstanding sports writers in the country.

Hartley was born in Butte, Mont., in 1920, and started working at newspapers in his junior year of college. He was graduated from the University of Idaho in 1942, and has been a sports writer ever since. He was hired by the Idaho State in 1940, and has been with them ever since.

Newspaper Masters

Prior to his appointment to the Idaho State sports desk Hartley served two years as the sports editor of the Idaho State University. He has also covered sports for newspapers in the Northwest, and has written for various other publications. He is a member of the Idaho State University faculty, and has been instrumental in starting the Idaho State University Press.

Hartley has been a member of the National collegiate Press Association, the National Football Foundation, the National Basketball Association, the National Hockey Association, and the National Boxing Association. He is also a member of the National Press Association, the National Journalists' Association, and the National Business Press Association.

Hartley has written many articles on sports for various publications, including the Idaho Statesman, the Idaho Press, the Idaho National Guard, and the Idaho State University Press. He has also written several books on sports, including "The Story of the Idaho State University," "The Story of College Football," and "The Story of College Basketball." He is also the author of "The Story of the National Basketball Association."

When the legislature approved the University's appropriation, it was not before charges and counter-charges that the old battle of sectionalism was flaring up again.

With this in mind, former Idaho Ben Hurd and I asked Professor Edmond H. Hare, the professor of economics, if some of his papers on cooperation between Idaho's two major universities, when he was a student at the University of March, Dr. Hare stressed students' need for an education in depth and breadth. When the subject of the two universities competing to provide these depth programs and professional schools was thrown in, Hare enlightened us further on his educational philosophy.

"I would not send my son to Idaho State to study physics. While I myself am a physicist, I would never send my son to study history if the chemistry department were not good at Idaho."

Harmony, Responsibility Stressed At Meeting

Harmony and responsibility were stressed at an orientation meeting of the Boise Lass. They have never done so before, a new student, Mary A. Borschke, said. "We must impress upon the girls the importance of being a success on the Boise Lass. There are new students this year who have never been part of a large organization before."

The meeting was held at the home of Mary A. Borschke, president of the Boise Lass. The program included a welcome by the new student, followed by a discussion of the goals and objectives of the Boise Lass. The meeting concluded with a final resolution adopted by the group.

Recital Planned For U-1 Student

Gary Coley, junior, will present a recital on March 31 in the auditorium of the Boise Lass. The program will consist of piano literature from the 18th and 19th centuries, as well as contemporary works.
