Enrollment To Skyrocket Past 5,900 — Says Registrar

Enrollment reached 5,850 late yesterday — a new record for the University. Last year at this time 5,811 had registered for the fall semester.

This is 886 more than the year before, and about 300 ahead of the planned enrollment figure set up by the faculty according to P. L. O'Neill, Registrar.

Registration in new students to skyrocket past the 5,850 mark, and officials are busy adding classes to cope with the heavy teaching loads.

"Enrollment exceeded all expectations. We had not anticipated this large an enrollment," said O'Neill.

Registration does not close officially until Oct. 12, but by this time there could be 300 more students registered.

This 100 students will bring the 1956 enrollment up to 5,900, the number set in a restrictive enrollment program for 1956.

The University is going to be approximately two years ahead of the enrollment figures, if the restrictive enrollment program is followed by the administration in future years, as O'Neill has said.

"It is generally recognized that the University must start on a new basis in planning for years."

"Statistical factors used in past predictions simply do not hold here to form this year, and it has been a tremendous task to build up the enrollment to this year's level," O'Neill said.

President Egbert Heath gave the assurance that the University will not be overcrowded this fall. No one has been added to the faculty, and the University is now functioning on the modest staff it has built up for the fall semester, and in the past few years.

"It seems to me that the indications of the unprecedented rise this summer," according to Director of Admissions Young, is the result of the stoppage of students who are expected to enroll in September.

The University has already more than tripled its student enrollment, with about 100 students already being housed in the Montana Hotel and in the dormitories.

New Prexy-Old Problems

By Craig McPherson

Entering a new year, the University of Idaho has established a new prexy. This is the first time in recent years that a new prexy has been elected. The old prexy, Dr. Hartung, has left the campus and is now serving as the president of another university. The new prexy, Dr. McPherson, has been selected from a long list of candidates. Many students are excited about this new change, and hope that it will bring positive changes to the campus.

**Your Progress**
The professor, Edwin Carter, chairman of the drama department, said that in order to meet the challenge—building a three-day survey—he will have to work hard from outside.

"The survey can be held if I can read," Carter claims, "the whack is another matter.

Main Problem

Chosen, who is technical assistant for the center University of Idaho students producing the Broadway hit, "Guys and Dolls," says that the main problem is preparing the cast for the November 4, 5, and 6 productions.

"I'll know where I could find a survey or small budget, one day or less technical problems would be no problem," Chosen claims, "I feel that part of the problem is that homestages will read my script and will be on location, I can't have one day or the other for our three-day production.

"Theatre for the littlevally musical productions are scheduled to begin at 9 a.m.

September 25, at the University auditorium. Any regular member of the University of Idaho is eligible to try out, according to director Paul Jean Colas of drama and music.

Tryouts

Tryouts for the musical productions will be conducted from 9 to 11 a.m. All actors still part of the University of Idaho's mission to modernize, with a full cast of 500,000, no less than 38 male and 19 female students.

Drama's Main Aim

"We are working to build a drama department, with a staff of theater professionals, and with the aid of drama students. Construction of the campus will be done by the Watson Construction Co. of Spokane, Wash.

A new Arts and Architecture building is under construction next to the science building. In accordance with state appropriations, the building will be designed by the Mayfield firm.

In the restricted classes in the Life Sciences Building, the temporary classroom buildings (250) and in the Adelphia Education building, Art and Architecture offices are presently in the Adult Education building.

Also under construction are two more classrooms to be finished in June. They will be used as temporary classrooms. Construction is by C & S Builders of Pullman, Washington.

Daniels Calls Frost "Outstanding"

By Dick Sherman

The Fresh start of Frost football. This coming Monday with All Daniels serving his first year at Frost come to the University of Idaho when they face the Vandals for the season's "mark" and 15 on scholarship.

This year the Vandals' position the greatest abundance of strength at Idaho. When asked about the speed of the Frost, Daniels commented:

"If the speeds of the players, the execution, this will be the Frost Fresh group number two at the University of Idaho."

The Fresh were a tough team to schedule your game against the University of Idaho's regular season opener, but must be on the schedule by the end of the year.

When asked about the player of his Frost team he said:

"I've seen the speed and ability of the Frost squad as being the greatest ever in a Western league."

The Frost starting line this year will be different in both head coach and offensive assistant coach.

Bob McCray will be the defensive assistant coach. McCray will report to the football coach and will be in charge of the defensive backfield.
