University will consider "Aims, goals" by C.A. FELDNER

"Aims and goals of the University," a communication from President Clark, was introduced for a con

sideration to the University Faculty Council on Tuesday. In his report, he discussed the goals and objectives of the University and how they align with the faculty council's mission.

Faculty Council members expressed interest in the ideas presented by President Clark, particularly in the areas of research, student engagement, and community service. The council agreed that these aims and goals would be considered in the upcoming academic year to ensure the university's continued progress and development.

Dr. Gideon lectures today in Memorial Gym; class periods shortened

By Dick Bolt

Dr. Harry G. Gideon will deliver a lecture on "Student Activities and Welfare" today at 1:45 p.m. in the Memorial Gym. This will be the 13th lecture in the series, and it is scheduled to run for 45 minutes. The lecture will be followed by a question-and-answer session.

Dr. Gideon's lecture will be mainly concerned with the "philosophical relationship of the student to the undergraduate faculty," the American student's role in the college of his day, and the student's role in the college of the 1st Century. Dr. Gideon was born in Petersburg, Illinois, and brought to the state of Guam by his father, Dr. Gideon, who was a student of Harvard University. Dr. Gideon is a graduate of the University of California and the University of Chicago.

Chavez appointed head of drama department

Edward M. Chavez has been appointed to the post of Drama Department chair at the University of Idaho. Chavez has been a member of the faculty for several years and has made significant contributions to the department.

The appointment was announced by John M. Schuler, the associate dean of the College of Arts and Sciences, who said, "Mr. Chavez is a talented and dedicated drama instructor who has brought many new ideas and perspectives to the department. We are confident that he will continue to lead the department in its mission of providing quality drama education and performance opportunities." Chavez has been involved in several productions and has been recognized for his contributions to the department.

Dr. Richard Collins appears in piano concert tonight

By Bob Holmes

Dr. Richard Collins of the College of Music will appear in a piano concert tonight in the 500-seat performance hall. The concert will begin at 8 p.m. and is open to the public.

The lecture is sponsored by the 4H Foresters and the Idaho State Arts Council.

RECRUIT TOUR—Twenty-four drama students from the University of Idaho are currently on tour of Northern Idaho for the 18th annual Recruit Tour. The tour began last week in the University of Idaho Dramatics Department.
The Argonaut, Rosemary's baby...?

The following article by Rosemary Baldwin recently nominated for The Wapiti's Wires, an International Publicity honour.

The Argonaut, Rosemary's baby...?

On the eve of the Big Election, I am bemoaning a sight of relief for two reasons. The first being relief because of any one more day of hearing to listen to the weekly wise words of re-reading our three golden candidates for the Presidency, and the second, a sigh of relief because Frank Church will understand and do something to help. It is not that I can understand how a man can unroll his political career and write a book on the subject, or how a man can be so immodest and say he is the only one who understands the subject. So I will not harp on the subject any more. I am not a political person and I can understand the first thing about laying out a paper—but I am a newspaper reader, and there is something to write about in which I can see any one can write a newspaper on such a paper, and I do not see what I can agree on. For if I do not see what is the paper on such newspapers. And I do not insist on assuring that the AHS has added the money to the political area, which they see to be a sight of relief for two reasons. Why don't we have a public election campaign? Why don't I get my first grip with the Argus?

In the following quantity of advertising, I next report the quantity and quality of the political in the news. What happened to the days of good cold news about what was happening in the political world? Saturday, the Argus-Weekend was the first time I ever saw a part of a page occupied with a few words of the political world. I have been in the newspaper business for two years and I have seen the pages going on and came some diversified, yet I would not call this one a yearly paper. A story that often appears in the paper is either incomplete or incorrect, or even true, not even there. And my first gripe comes when I read: I was not able to write a runaway comment on the values of the December party, Frank Church, and politi- cians because of the time I couldn't think clearly. It is true that we can't think clearly in the morning, but when we are thinking, we are thinking, and when we are thinking, we are thinking things that are not true. So, I am going to write to the Editor because I am thinking, and I am going to think.
Agricultural chemical course given at Boise

A two-day short course covering all aspects of agricultural chemical applications will be presented at Boise November 15. Sponsored by the University of Idaho Agricultural Extension Service, the course is open to all interested individuals.

The program will provide current, practical information on site and proper use of agricultural chemicals, according to Dr. L. E. Jenkins, Extension entomologist. A prerequisite for the course is the beginning of pesticide registration, special uses and applications and their effects on the environment. Students will be held to 8 a.m. each day at the College of St. Louis, Student Union Building. The registration desk will be open from 8 a.m. Each morning for the course.

The following program will be presented:

**Monday:**
- 9 a.m.: Registration
- 10 a.m.: History of pesticides
- 1 p.m.: Registration
- 2 p.m.: Historical perspective of the use of pesticides

**Tuesday:**
- 9 a.m.: Registration
- 10 a.m.: History of pesticides
- 1 p.m.: Registration
- 2 p.m.: Historical perspective of the use of pesticides

Speakers at the two-day meeting include:
- Dr. J. H. McDonald, state entomologist
- Dr. H. V. Mcllwain, associate professor of entomology
- Dr. J. E. Black, associate professor of entomology
- Dr. R. W. Franklin, professor of entomology
- Dr. R. J. Miller, professor of entomology
- Dr. R. T. Woods, professor of entomology
- Dr. R. T. Woods, professor of entomology
- Dr. R. T. Woods, professor of entomology
- Dr. R. T. Woods, professor of entomology

For more information, contact Dr. L. E. Jenkins, Extension entomologist, at the College of St. Louis, Student Union Building. The registration desk will be open from 8 a.m. each day for the course.

House demos warn Nixon about cuts

WASHINGTON (AP) — House Democrats are warning the public that the program to cut Social Security and medicare benefits will only lead to more cuts. The warning comes as a result of the negotiations with President Reagan and his nominees for the Department of Health and Human Services. The House plans to hold a series of hearings to discuss the potential impacts of the cuts on the elderly and disabled.

The House Appropriations Committee has been critical of the Administration's proposed cuts, and the committee's chairman has called on the Administration to reverse course on its budget plans.

One college does more than broaden horizons; it sails to them, and beyond.

Now there's a way to keep the world at your fingertips. A way to see what you've never seen before. That's how it's done at the college that uses the College of the World, which has an amazing array of courses, facilities and technology. The College of the World has been in operation for over 45 years and is now available in all 50 states. And you can be one of the 500 students enrolled.

The system is revolutionizing education, and it's causing a stir around the world. The world is a library, and you're a reader.

Safety Information: The College of the World is a safe place to be. It provides a secure and supportive environment for all students and faculty. In addition, the College of the World has implemented a comprehensive set of guidelines and protocols to ensure the safety and well-being of all its members.

The world is yours. Get started today!
KUID begins color insect show series

VIOLENTiouS is the right word to use in connection with the new color insect show series which KUID is planning to begin early this summer. The station has been working on the project for several months and has already acquired a large collection of insects from various sources. The show will feature a variety of insects, including butterflies, moths, beetles, and ants. The insects will be displayed in a series of short videos, each focusing on a different species. The show will be broadcast on a regular basis, with new insects featured each week. The station is excited about the show and is looking forward to sharing the amazing world of insects with its audience.

Kaiser officials talk to engineering students

"Inability to respond with inexperience and training is not enough to ensure most reasonable and governmental problems," a Kaiser fisheries official said at a meeting with university students and faculty. "We have a responsibility to ensure that our students are prepared for the challenges they will face in the real world.

On the other hand, a student asked how the students could better prepare for the workforce. The official responded that the students should focus on gaining practical experience through internships and hands-on projects. She also encouraged the students to network with professionals in the field to learn about potential career opportunities.

The meeting was held to provide students with a better understanding of the challenges they will face in the workforce and to encourage them to take an active role in shaping their future careers.
Idaho tied in Big Sky with Weber and Montana

Vandals stomp Spartans 35-17

The University of Idaho football team rode the annals to the 30-7 victory last Saturday night. The Vandal defense was predominant. The offense put up two touchdowns and two extra points for a total of 28 points. The Idaho defense was unchallenged. The offense had a total of 12 yards and zero points. The Idaho defense had a total of 12 yards and zero points.

The University of Idaho football team won the game by a score of 20-7 over the University of Montana. The Vandal defense was predominant. Dionne Warwick performs at WSU Saturday night

long-time music favorite, who since
appeared in "The Sound of Music," will perform at Washington State University.

The WSU Performing Arts Committee in presenting Miss Warwick is in concert with the giving of honor to music. The debut of the first of the "Famous of the Week" series, she is the painter for the popular book, and has also created, "This Is the Place," her debut album of 1967.

"What's Going On Now?" and "Vally in a Girl," both of which have been recorded on the DIAMOND label when her name was spelled for the record label.

Miss Warwick became an international club, thrilled immediately, and without a top attraction in Europe, particularly in France and England, as well as in the United States.
