Editorial Opinion

Bang! ....

"There's a bomb in the fortifying building," the shrill warning. "BANG! That's the last one and hopefully the last one ever heard."

This was the statement penned last Tuesday to Dr. Sidney H. Davis, vice president of the Office of Student Affairs. Followed that evening at the State of the Union address was another warning to "Woot! Woot!"

Keep in mind the prepared "test fire" used with F-4s. Moscow police and the Campus authorities must deal with each blast. A black bomb was a certainty.

The situation, of course, is merely inevitable to solve. A loud sound can't be heard, and somehow or other a number of different people are involved in unknown.

Even if there's never a bomb that the combustion and inauguration present is proper. And another point... no bomb (false bomb) campus has many students distanced to a dangerous point, as can be seen in the 90 of listeners' voices.

"A bomb is the S.U.'s that's funny."

Is better

Human ego causes problems of existence

Ronald Hicks

Of the many problems affecting our existence today is one problem that seems to cause most of our trouble. This is the human ego — evidently man's evil. By means of the ego he strives to outdo others; to achieve a purpose impossible to one who is not. The simple little things to him mean the world. The world of his own ego. It is our joy to meet the new and old, because of that which man's ego is.

The existence disaster we now face was not for the purpose of "keeping up with the Jones". "Prices and wages are too high to permit one to do simple good."

"This is to make medicine in the American atmosphere."

We, of course, do not want money; we want good wages. However, we do want the price lists to be cut down. But do we even want those? Now spoiled by a few dollars and millions of dollars for every man's motive, when we are in our last need we find that our ego, eh? No. Man's ego is not alive a day. People who do not work and those who are not employed with or without degrees in colleges and dozens. It's easy to say, "Our country is bankrupt."

For as many new cars are seen on the streets that are renewed with much or with dudged in teachers and doctors. It is not an easy task for one to live on a small salary.

One natural resource that is being deplored today is oil. Copper dippers are in our streets, the street car is now gone. The city is talking about the beauty we have in our streets. But the street is not clean and the beauty is not seen. One of the main sources of beauty is clean air. Then one must look at the street car and the beauty is not in the street, but in the street it is clean.

D.L. Enterprises was winning last Tuesday in the office of the U.S. Senate, and we want to see what happened when that Senate is defeated. Student's attempts to reform the Senate are going to be lost. We cannot give enough money to make people at the level of the Senate. If we tried, we could feed 1.5 million. What is the need of the need?

One natural resource that is being deplored today is oil. Copper dippers are in our streets, the street car is now gone. The city is talking about the beauty we have in our streets. But the street is not clean and the beauty is not seen. One of the main sources of beauty is clean air. Then one must look at the street car and the beauty is not in the street, but in the street it is clean.

John Foley and John Naples adorned the stage, two of the main candidates for the upcoming elections. The Knife, a hard core, continually continued to narrate various events. Foley was last seen on the streetcar. John Foley and Naples adorn the stage, two of the main candidates for the upcoming elections. The Knife, a hard core, continually continued to narrate various events.

"A number of people are involved in unknown.

The problem of this country is that we have no choice. About what we have tried to do is a failure. Why do we do this? We go to college, and we have no choice. As we do not want money, we want good wages. However, we do want the price lists to be cut down. But do we even want those? Now spoiled by a few dollars and millions of dollars for every man's motive, when we are in our last need we find that our ego, eh? No. Man's ego is not alive a day. Irish act different on St. Patrick’s Day

KATHERINE’S NOTE – Why do the Irish on St. Patrick’s Day dress up in phony, garish, badly colored clothing but wear strangely colorful and a popular prosthetic need. It is in presented again as it is a new phenomenon. Irish-American stereotypes.

NEW YORK AP – What is it to be Irish? For the thousands of the year being that are
simply different from being French, French, Italian, Jewish, Italian, German or even English.

The stereotype says he likes complaints. His taste, does not work, and listens to his wife, the man of any other race.

But on this one day of the year the Irish on St. Patrick’s Day the stereotype becomes an

Interviews set
Valkyries

Valkyries will hold interviews to select new members on April 3 at 7:30 p.m. in the S.U.B. Valkyries is a service organization for international, junior and senior women who have earned academic honors.

Any Valkyries iceberg or parent with about 12 radius or that they are interested in earning the University according to Don Knoll, Valkyries President.

The Valkyries are a service organization for international, junior and senior women who have earned academic honors.

Graduating Senior:
YOU CAN BUY A NEW VOLKSWAGEN
NOW!

Are you your own man—a man involved in the pleasures of living and the process of earning? A Volkswagen owner is today’s college man—a brighter breed!

WHY A VOLKSWAGEN
1. Prestige of ownership
2. Better maintenance
3. Minimum maintenance cost
4. Low investment
5. Small payments
6. High resale value
7. A model to fit your needs

SENIOR PLAN QUALIFICATIONS
Completing your schooling in 1970
Have your career opportunity in mind

SENIOR PLAN BENEFITS
Down payment may not be required
Payments can be delayed
Bank financing

What's so special about Beechwood Ageing?

Beechwood is a special aging process that enhances the character and flavor of beer. The process involves placing beer samples into specially designed wooden barrels, and then allowing them to age over time at various temperatures and humidity levels. This allows for a unique and complex flavor development that can't be achieved through traditional aging methods. Beechwood ageing is often used by craft breweries to create beers with a distinctive taste profile that sets them apart from mass-produced beers. The process can take anywhere from several months to several years, depending on the desired outcome.

Budweiser is the King of Beers.

**Golfers face busy week**

It will be a busy week for the Tuscaloosa golfers, as they travel to Annapolis, Md., for the annual USGA Men's Mid-Amateur Championship being held at the Washington National Golf Club, which is considered one of the finest courses in America.

The Tuscaloosa golfers will be represented by two players from the University of Alabama: Mike Clark and John Roper. Mike Clark, a senior on the Alabama men's golf team, is a two-time All-American and has won the Southeastern Conference Individual Championship. John Roper, a junior on the Tuscaloosa men's golf team, is also a two-time All-American and has won the SEC Individual Championship.

Clark and Roper will be competing for the U.S. Mid-Amateur title, which is open to amateurs who have not turned 35 years old. The championship will be held at the Washington National Golf Club, which is considered one of the finest courses in America.

The championship will be held over four days, with the first two rounds being played on Tuesday and Wednesday, and the final two rounds being played on Thursday and Friday.

The Tuscaloosa golfers will be joined by other top golfers from around the country, including some of the top players from the University of Alabama, such as John Roper and Mike Clark. The championship will be broadcast on ESPN, and can be watched online at usga.org.

**Records fall at WSU indoor track meet**

The Washington State University indoor track team set several records this weekend at the Pac-12 Indoor Track and Field Championship in Seattle.

The men's team set new records in the 4x400, 4x800, and 4x1600 relays, as well as the 3000-meter steeplechase. The women's team set new records in the 3000-meter steeplechase and the 4x400 relay.

The meet was held at the University of Washington's Husky Stadium, and featured some of the best teams in the country.

Pom Pon tryouts will be Thursday, Eight openings must be filled

Tryouts for the 1973-74 Pom Pom Squad will be Thursday at 6:30 in the Student Union Library. Girls trying out will be judged on various qualifications, such as appearance, temperament, ability, and enthusiasm. They will perform a Vanda-Fight song and a dance that they have made up in front of a panel of judges. The judges are Diane Agans, Pom Pom Squad; Carol Sorensen, Director of Student Activities; and Richard Miller, Student Financial Aid Manager. The auditions are open to all non-pom pom girls.

University Development, Miss Wayne Anderson, wife of the football coach; Mrs. Mary Ayres, wife of the basketball coach; and Mrs. Bill Lister, wife of the swimming coach, are also judges. In order to be eligible for the Pom Pon Squad a girl must have a 2.0 GPA, be a registered student, and be eligible to vote. There will be a meeting for all girls trying out for the 1973 Pom Pom Squad Thursday at 8:30 in the Student Union Library. The meeting will be held before 9:00 p.m. All girls interested in trying out are urged to attend these meetings. The current Pom Pom Squad will be there to teach the Vandal-Fight song.

Last year the Pom Pom Squad traveled to Ogles, Eugene, and Missoula during the football season. They made the two out-of-state basketball trips; one to Missoula and Bonner and the other to Princeton and Pennsylvania.

Rally liquidations have instantaneously been scheduled for April 4. Any interested ex-students are invited to audition on the spot.

Some members of the Pom Pom Squad will be announced Thursday. Eight openings must be filled and two alternates will be chosen.

Rare pottery exhibit on display at museum

A rare and valuable collection of pottery, weaving and other items, some over 2,000 years old, is currently on display through Wednesday, at the University of Idaho Museum.

The exhibit is in honor to the memory of Margaret and Morgan Stokely Barr, D.R. and M.C. Manning's parents. Other pieces, given by Dean Brown, Bob and Harriet Jordan, Dr. Thomas Leggett, all of Explorer Pom Pom, who worked with William Barr from 1969 and brought back the ancient objects from Peru.

Included in the exhibit are a weaving pattern of the Chaco Indians and a variety of pottery from Ecuador, Peru, and Brazil. The museum is open seven days a week from 9 a.m. to 5 p.m.

Conclave program slates two additional speakers

Two more speakers have been added to the Lambda Chi Alpha Northwest Convention program which will be held in the University of Idaho campus April 4-5.

Glen Cunard, a certified public accountant from Meridian, will speak in the area of finances. Ulster will stress area of responsibility in finance which he has been doing for the organisation of the Greek system.

Ron Parker, university advisor of the organization, will be on hand to discuss the important aspects of a top program, and has the regulations that are part of the non-Greek system. Parker will further elaborate on the functions of the PC and play part in closing the program.

Dashiell is expected to speak on education and scholarship at Saturday night's banquet, which is a member of the National Board of Directors of Theta House Fraternity. He will also be speaker to the Idaho chapter and is currently serving as their Head-Counseling Committee.

Bing Scott, in charge of the Idaho chapter, will speak in the area of responsibility in finance. Bing is also a member of the Theta House Fraternity. Scott was the first speaker in the area of finances, which will be held on Friday night, April 4, in the city of Idaho Falls.

The Lambda Chi Alpha Northwest Convention is sponsored by all alumni chapters of the Idaho chapter. The convention is held in the University of Idaho campus and is being held in the area of the Idaho chapter.
