Four-Year Engineering Plan
At ISU Called Unnecessary
By University Dean Janssens

Idaho State Prof's
Bill In Senate

DOLLARS DOLDIE-Selection of the proper book is often the most difficult part of a student's life. As the above shows, there are among the many students who picked from the bookstore during their lives.
The Golden Fleece
By Jason

Yesterday the joint finance and appropriations com-
mittee of the legislature recommended that $55.3 mil-
lion in state funds be awarded to the University of
Idaho. The recommendation was just the first step in
an exemplary legislative request for public schools. But it was $12 million less than the request by the State Board of Education. [F] was not available to the Argonaut yesterday as to what the committee would recommend that the legislature appropriate for the University of Idaho. [F] was stated to not suffer a defeat from the Governor.

Spending state funds wisely is not always an easy
job. The legislature has a difficult time balancing the
needs of the state with the needs of localities. This sit-
uation is made even more difficult by the diverse needs
of the state's residents. The legislature must consider how
to best allocate the state's resources to meet the needs
of all its citizens.

Enough To Catch Up
Throughout most of the state this year, "spend-
ing" seems to include more money for education.

"The budget, the Bursar, and the Board of Educa-
tion," is the way to catch up. Rep. Dan Smith, R-Idaho, told us in a recent interview that the legislature is trying to catch up on the budget. But the legislature has the difficult task of determining how much money should be spent on education and how that money should be allocated.

The legislature has been making steady progress in
increasing education spending. However, the legislature
must continue to work on improving the allocation of
funds to meet the needs of all students.

AVORO - LOEBKEMER

A violin case designed with a slide-out compartment was presented to Peggi Corffair by her parents, Mr. and Mrs. Harry Corffair, Sunnyside, for her service as a ROTC officer. Peggi is a junior at the University of Idaho and serves as an ROTC Brigadier General. The violin case is made of high-quality wood and features a custom engraving with Peggi's name and graduation year, making it a perfect gift for any musician.

CAMPBELL HALL

New doors were installed Thursday evening at a popular party. After the doors were installed, the residents of Campbell Hall gathered to celebrate the new addition. The doors were designed to improve accessibility and safety for the students living in the residence hall.

U-I Living Groups Elect Officers, Plan Ceremonies

A new Army-University con- temporary group has been organized as an outgrowth of the ROTC program in Seattle. Students can now obtain a standard training in the Army Reserves with either a two- or three-year program. Those taking the two-year option will attend two summer classes each year and junior and senior classes the following fall semester. The three-year option will attend three summer classes each year and the senior class every fall semester. The use of the new curriculum will increase the Army's ability to attract and retain qualified students.

FORREST HALL

A new floor for Freshmen at the University of Idaho has been completed. The new floor will provide a comfortable and safe environment for the students.

Bridge Lessons To Begin Soon

The University of Idaho will begin offering bridge lessons soon. The lessons will be taught by experienced bridge players and will cover a variety of topics, including basic bridge strategies and techniques. Students interested in learning more about bridge can contact the University of Idaho for more information.

Church News

CATHEDRAL HOUSE

The 2023-2024 academic year will be filled with exciting events at the Cathedral House. Students can look forward to new programming, guest lectures, and other events that will enrich their academic and social experiences. The Cathedral House will continue to provide a welcoming and inclusive environment for all students.

CHRISTIAN CHURCH

The annual turkey fry will take place this year on November 24th. The event is open to the public and will feature a variety of delicious turkey dishes. Students and faculty are encouraged to come and enjoy the traditional holiday feast.

Carroll - the only rear engine American car made.

You should know what the automotive magazines say about it. They're wild about it, too. They think it's one of the best-looking cars on the market. And they're right. The Carroll is a true American classic, designed with the same attention to detail and craftsmanship that went into every American car of the past. It's a car that will make you feel proud to own. So why wait? Get your Carroll today and experience the thrill of driving an American icon.

Drive something really new—discover the difference on your next road trip!

**Two IFYE Students Chosen from Idaho**

Two University students, Carol Raya, Boise, and Larry Hershey, Pocatello, have been chosen to represent Idaho in the third annual Exchange program, cooperatively sponsored by the Department of Agricultural Ext en sion and the Idaho 4-H Club Foundation.

Both Raya and Hershey are seniors at the University. Carol, majoring in Agriculture and Mining, and Larry, majoring in Agriculture and Horticulture, were chosen to participate in the Exchange program.

The program will provide the students with an opportunity to study the social, educational, and economic aspects of the people in another country. It will also enable them to become acquainted with the customs and cultures of other nations.

**University Graduate Is Awarded Military Medal**

A 1971 graduate of the University and former U.S. Army engineer, Capt. elephant, and Corps of Engineers, won the Army Com man dation Award for his work.

Capt. elephant, who was transferred to the U.S. Army Corps of Engineers, was awarded the Army Commendation Medal for his service in Vietnam.

The medal is awarded for “meritorious performance of an outstanding accomplishment.”

Capt. elephant received the award on February 18th.

Idaho Students Being Chosen For Summer Research Grants

Idaho students are being selected for their university's National Science Foundation research grants in chemistry and physics.

"Two girls have been given the chance to study in the Selective Federal Research Grants Program this summer. The girls are selected from a group of five students who applied for the opportunity," said the president of the university.

"Our university is pleased to have been selected for these grants. It is a recognition of the quality of our students and their work. We are proud to have them represent us in this national program.

\[\text{SELECTIVE FEDERAL RESEARCH GRANTS} \]

\[\text{WHAT IS A SELECTIVE FEDERAL RESEARCH GRANT?} \]

A Selective Federal Research Grant is a grant provided by the federal government to support research projects in specific areas. These grants are highly competitive and only awarded to students who meet certain criteria.

\[\text{WHO QUALIFIES FOR A SELECTIVE FEDERAL RESEARCH GRANT?} \]

Students who meet the following criteria are eligible to apply for a Selective Federal Research Grant:

- Students must be enrolled full-time at an accredited institution of higher education
- Students must have a minimum GPA of 3.0
- Students must be majoring in a science or engineering field
- Students must be a U.S. citizen or permanent resident

\[\text{APPLICATION PROCESS} \]

The application process for a Selective Federal Research Grant typically includes the following steps:

1. Identify a research project and select a mentor
2. Complete the application form
3. Submit the application with all required documentation

\[\text{ARE SELECTIVE FEDERAL RESEARCH GRANTS AVAILABLE EVERY YEAR?} \]

Selective Federal Research Grants are available every year for students who meet the eligibility criteria. The government sets aside a portion of its budget for these grants, and they are awarded based on merit.

\[\text{WHAT ARE THE BENEFITS OF A SELECTIVE FEDERAL RESEARCH GRANT?} \]

Students who receive a Selective Federal Research Grant receive financial support to conduct research during the summer. This support typically includes a stipend for living expenses and travel costs.

Additionally, these grants provide students with valuable research experience, which can be beneficial for their academic and professional careers. Students also have the opportunity to work closely with experienced mentors and researchers.

\[\text{ARE THERE ANY LIMITATIONS ON HOW SELECTIVE FEDERAL RESEARCH GRANTS CAN BE USED?} \]

No, there are no limitations on how Selective Federal Research Grants can be used. Students are free to use the funds for any research-related expenses they choose.

\[\text{HOW CAN I FIND OUT MORE INFORMATION ON SELECTIVE FEDERAL RESEARCH GRANTS?} \]

For more information on Selective Federal Research Grants, please visit the website of the National Science Foundation or contact your university's financial aid office.

Skis Meet To Be Held At Brundage And Schweitzer

Two ski meets from Idaho this weekend on the Van- derbilt varsity all team invited McColl for the annual Idaho Invitational and Idaho WPA women compete in the regional Intercollegiate meet at Schen- bert Basin.

**Brundage Invitational**

**Brundage Mountain Invitational** will be held and the third annual meet will be held.

Two.Mecanovan team from the University of Wash. would give all other compet- itors same real tough competi- tion, as the highly rated slalom ski teams from the University of Wash. and Notre Dame State.

**Floyd Bunting Competition**

The Floyd Bunting Competition will be held and the third annual meet will be held.

The Floyd Bunting Competition will be held and the third annual meet will be held.

**NCAA Women's**

The third annual women's ski competition will be held and the third annual meet will be held.

**NCAA Men's**

The third annual women's ski competition will be held and the third annual meet will be held.

**Cordova**

Cordova is a city located in the state of Maine, USA. It is the largest city in Maine and the county seat of Androscoggin County. Cordova is located on the coast of Maine, near the mouth of the Androscoggin River. The city is home to several schools and colleges, including the University of Maine at Millinocket. The city is known for its rich history, natural beauty, and outdoor recreation opportunities.

**University of Maine at Millinocket**

The University of Maine at Millinocket is a public university located in Cordova, Maine. The university offers undergraduate and graduate degree programs in a variety of fields, including education, business, and health sciences.

**Maine Community College**

The Maine Community College is a public community college located in Cordova, Maine. The college offers associate degrees and certificates in a variety of fields, including business, health sciences, and technology.

**Cordova High School**

Cordova High School is a public high school located in Cordova, Maine. The school offers a variety of academic and extracurricular programs, including sports, music, and arts.

**Community Library**

The Community Library is located in Cordova, Maine. The library offers a variety of resources and services, including books, periodicals, and computer access.

**Cordova Chamber of Commerce**

The Cordova Chamber of Commerce is a non-profit organization that promotes economic development in the Cordova area. The chamber offers resources and services to businesses and individuals in the area, including workforce development, tourism development, and economic research.

**Cordova Sports Complex**

The Cordova Sports Complex is a multi-purpose sports facility located in Cordova, Maine. The complex includes a swimming pool, a gymnasium, and other fitness facilities.

**Cordova Park**

Cordova Park is a public park located in Cordova, Maine. The park includes a playground, a picnic area, and other amenities.

**Cordova Community Center**

The Cordova Community Center is a community facility located in Cordova, Maine. The center offers a variety of programs and services, including youth programs, adult education, and community events.

**Cordova Fire Department**

The Cordova Fire Department is a public fire department located in Cordova, Maine. The department responds to fires, medical emergencies, and other emergencies in the Cordova area.

**Cordova Police Department**

The Cordova Police Department is a public law enforcement agency located in Cordova, Maine. The department enforces laws and regulations in the Cordova area, responds to incidents, and investigates crimes.

**Cordova Ambulance Service**

The Cordova Ambulance Service is a public emergency medical service located in Cordova, Maine. The service responds to medical emergencies and transports patients to medical facilities.

**Cordova Rescue Squad**

The Cordova Rescue Squad is a public emergency service located in Cordova, Maine. The service responds to emergencies and provides assistance to individuals in the Cordova area.

**Cordova Volunteer Fire Department**

The Cordova Volunteer Fire Department is a public fire department located in Cordova, Maine. The department responds to fires, medical emergencies, and other emergencies in the Cordova area.
