Tuition poses threat to Idaho students

A proposed constitutional amendment which would permit the charging of tuition at state educational institu-
tions has been received with some alarm and consternation by students. The proposal is one which seeks to avoid the problems of higher education, but has by its limitations which are serious.

The proposed amendment requires approval Monday by the Senate Finance, Education and Welfare Com-
mittee and will undoubtedly be presented to the session of the legislature for its approval. The threat of the bill would eliminate an existing section in the constitution which provides some protection for chang-
ing tuition for students who are state citizens.

According to the bill's sponsor, Sen. Sal Sigler, Desert.

The change in policy may be made so that graduate students would have to bear more of their graduate costs in pursuance of an advanced degree.

Editor's parting advice to advisors

Many people struggle with knowing the best advice to give to others. One common dilemma is whether to be honest and tell the truth with your advice, or to be tactful and considerate of the other person's feelings. The key is to balance being straightforward with being sensitive. Here are a few tips:

1. Be clear and direct but not overly critical. Let the other person know your concerns and offer suggestions.
2. Ask questions to understand the other person's perspective. This can help you tailor your advice to their specific situation.
3. Offer support and reassurance. Even if you don't agree with their decision, let them know you're there for them.
4. Be patient and give them time to think things through.

New, low-budget American film, "Joe," inspires different emotions in many-sided controversy

Pro

Dr. Mike Kirk

"Joe" is a kind of movie that makes people start to get interested and want to see more. I guess you might say it's a movie that makes people think. I've seen the movie several times and I keep coming back for more. The movie has a lot of heart and it's not just for kids. There are some really good performances in it that make you think. The message of the movie is clear: life is precious and we should always strive to make it better.

Con

Dr. Joe Evans

"Joe" is a movie that makes people want to laugh and cry at the same time. It's a really good movie, but it's not for everyone. I found the story to be a bit predictable and I didn't feel like it was really exploring any new ideas. The acting is good, but it's not something that will stay with me for long. Overall, it's a decent movie, but it's not something I'd recommend to everyone.
Idaho wrestlers split contests over weekend

The Idaho Wrestling team (record 1-1) dropped to 2-2 after losing their weekend doubleheader to Montana State and Northern Iowa. The conference win gave the Vandals a 2-2 record against Northern Iowa.

Malcolm Taylor dropped in these three straight bouts to give the Vandals a possibility of splitting the weekend. In Idaho's highest scoring match of the season, the Vandals finally pulled out from behind by scoring in both matches. All six matches were won by pins.

The Vandals dropped to 8-2 after losing to the Bobcats, Alberta, with a 4-2 pin. The Bobcats, Alberta, and Montana State were won by pins from the Vern J. ISU smashes Weber in basketball battle

POCKETBOOK (AP) — Willis Hannah scored 16 points and Lynn Tatum added 14 as Idaho State defeated Weber State, 94-72, at the Dee Events Center.

The game was played before 2,900 fans in the EST 10,000-seat arena. It was the first time in school history that Idaho State has played Weber State.

The Bobcats took a 22-point lead early in the game on a 10-point lead at the end of the first half. Idaho State rallied from behind with 10 minutes left in the game, scoring 24 points in the second half.

Willie Graham had his best season debut on the court, scoring 10 points and leading Idaho's defense. Idaho State made 21-of-36 field goals, good for 58 percent, in the win.
