The Senate Votes To Ban Breakable Containers

A proposed north-south one-way couplet system for downtown Moscow draws a large crowd Tuesday night at the Idaho Union YMCA. The proposed system, which is part of a plan to reorganize traffic on State Highway 5 west of town, has been controversial.

For plans for the proposed couplet were explained by Jon Hall, assistant director, highway operations, Fourth District.

"The Main-Maine couplet would parallel traditional traffic on State Highway 5 between the Honey Rock tunnel and the southbound traffic on Jackson St. where the one-way couplet would exist.

The southbound traffic would have Maine St. and return it to 6th St. at Sixth St.

The northbound traffic would continue Maine St. and return it to 6th St. at Sixth St.

"The northbound couplet would utilize Main St. for southbound traffic and 6th St. for northbound traffic. The northbound couplet would have Maine St. and return it to 6th St.

The southern couplet would utilize Main St. for southbound traffic and 6th St. for northbound traffic. The northbound couplet would have Maine St. and return it to 6th St.

The northern couplet would be carried by Washington-Jackson couplet.

2:30 A retreat for women only. It will run until 5 p.m. Saturday afternoon on third floor of Old Ferry Hall. The cost is $5 for overnighters and $2 for daytrippers.

The Idaho Argonaut, Tuesday, March 21, 1978

Edson Peck:

To the Editor:

In view of your editorial last week, if you ever take your readers as serious a role as you may of late as the Faculty Council on Feb. 28, 1975. That statement was found to be emotionally and immediately handed to the Faculty Council shortly thereafter.

To the Faculty Council:

Section 2 of the working draft of "Policy and Terms" is totally unenforceable and undoubtedly would cause the kind of emotionalism and harassment which I believe to be destructive to the best interest of the institution. I do not feel that such an obligation should be placed upon our students and faculty members. The quoted phrases exist instead of a spirit of mutual understanding which I believe to be desirable to good faculty students. Thank you for your attention and cooperation.

I reject the statement that I feel called upon to explain the meaning of the "academic obligation" to some students who are "unacquainted with our curriculum." I believe in my participation in the exchange of ideas and mutual understanding. The quoted phrase exists instead of the spirit of mutual understanding which I believe to be desirable to good faculty students. Thank you for your attention and cooperation.

Calamity Jane Goes Ballet

Calamity Jane, the perpetually fun-loving, long-lasting (what else?) character of Western lore, will be on the stage as the title role in "Calamity Jane," a musical set in 1872. The musical is a lighthearted, rollicking tale set against the backdrop of the American West. The music, based on the folk songs and ballads of the time, is set against the backdrop of the American West.

The new edition of "Calamity Jane" includes updated music and lyrics, and the setting is modernized to better suit contemporary audiences. The show features a strong cast, including a belter who brings energy and enthusiasm to the role of Calamity Jane herself. The costumes are colorful and eye-catching, with a mix of traditional Western wear and modern designs.

The show opens at the Theatre on Saturday, and runs through Tuesday. Tickets are available online and at the box office.

Golf tourney

The University Golf Course will be the site for the opening of the annual Golf Tournament. Events will include a tournament, a gala dinner, and a charity auction. The tournament will be held on Saturday, with dinner and auction following on Sunday.

The tourney features a field of 100 golfers, representing local businesses and organizations, and will be hosted by a number of local golf professionals.

At Idaho

There will be a Palmer Audubon Recreational Area trip to the Ponderosa State Park, Clarkston, and Idaho Falls. The trip will feature a hike to a lake, visit to Canyon of the Eagles, and coffee break at a local restaurant.

Cyclones

By Mary Eckhardt

August 9th, 1973

Vandals hauled a couple from the Big Sky to the Big Sky revolver at a knock on Iowa's door this week.

"We have a challenge cut out for us on this weekend," said Athletic Director, Mike Dinner.

"We do not have the talent we had last year in numbers. We have a ton of words on defense, but just not the players. But, thank you very much for making the trip," Dinner said.

"We need a strong defense, and we have it. It's not as much as we'd like, but it's there. We hope to see some improvement as the season progresses."
Broncos Lead Big Sky Play

In victories of their 4-0 West over the Idaho Vandals last Saturday afternoon over the Boise State Broncos held in the north and in the league. They are the only 4-duo in a Conference game. Mikes in Idaho tie with the Big Sky fans in the conference. The Vandals held the ball on the total number of plays and total number of yards. They have a total number of yards Against 482 yards for the Idaho team in 14 plays 187 total yards and 336 yards. The Vandals also have first and third down with 186 total yards in 14 plays and 336 yards. They have a total number of yards Against 482 yards for the Idaho team in 14 plays.

The Montana Grizzlies are tops in the Big Sky defensive department, holding the Vandals to just 264 yards in total offense. Montana State scored with 363 yards given up to their opponents.

Montana State's Wassa Edwards, coming in at 263 yards in the ranking department with his game average of 263 yards, and the Bobcats of Idaho State are the top passer to date now with a total number of yards Against 363 yards. Edwards has thrown for 363 yards, passing over Boise's Ron Adam who has gained 303 yards in 10 plays. Idaho's Mandell Bradley is the top receiver in the game with 10 completions, 144 yards. Idaho State's Bob Dowd, who made all of his 57's and two of his 36 yards for 82 yards. There are two Big Sky games on tap for the coming weekend with Northern Arizona at Idaho State and North Dakota State at Boise State. The annunciation center has Idaho State in the lead with 141 points, Idaho State at Cal Poly (Cal Poly), and Montana at Idaho.

Feedback returns

Mark Feedback, reserve linebacker for the Idaho Vandals, who caught everything in Idaho's first game two weeks ago for an including reserve performance last against the Idaho game because ofcdow's 'Magnificently' to again against.

Big Sky Commissioner Ike Rosing commented Tuesday evening that the competition will be able to compete in the conference of the best records of Mark Feedback in agreement between the commissioner at the Western Athletic Conference and the Big Sky Athletic Conference.

Transmission of the Feedback case was extensive, but most important was the fact that Feedback had to be out the Big Sky game on September 15. The ineligibility was voluntary, not enforced by any conference or commissions. Feedback, who was originally cited for missing last and receiving two weeks later to September, will be able to compete with any team in the conference.

ATO's Expect Annual Intramural Wins

Changes can never rest. When you are number one you have to defend your title. This year the ATO's will try to take back the University of Idaho Intramural Football title for the third straight year.

And it looks like the ATO's are on the right track again as they finished their first game 1-0 over the Delta's at Alpha's Monday afternoon.

"The team looks pretty good this year," said Ron Wom- 
bach, a returning right end and last year's championship team's most valuable player. "We have some good players but we have some re- 
called returning veterans — Chris Heath, Dan Sonnen, 
Steve Chaitlin, Terry Brown, to name a few. There are lots 
of others, too."

"There will be a lot of hard competition," Wombar- 
hach added. "To the Greek league the Fiji's will be tough, as will the Phi Delta. The Delta's big boys may be pretty strong and 
their tight end is a handful."

He added that he expects the independent league to be as 
tough as last year and pointed out a few of the probable 
contenders.

"Lindsey always has a strong team," Wombar- 
hach said. "McDonald is good too. TMA (TMA Men's Association) is 
somewhat tough, too."

The ATO's played and won the TMA team for the intramural football championship in 1972.

"We won the intramural football championship for 
years in a row," Wombar- 
hach said. "When you're a winner 
looks the other teams will always want to knock you off so 
we'll have to play hard to win."

- Sports writer

Despite winning the football championship for four con- 
secutive years, the ATO's also won the total intramural championship seven straight years.

"If you have a reputation as a winning team, everyone else will want to beat you at any cost. We've got our work cut out for us," Wombar- 
hach continued.

Quarterback Fred Lohmiller, another returning veteran, 
a member of the ATO's game winning Delta G- 
xing, said that the ATO's gained an advantage in the 
intramural football over phis Delta because of ploy plays. Wom- 
bach said, "In intramural football you really pay because of the way the game is set up," he said. "We do run the ball some times, but only the other teams believe."

Winning doesn't just come naturally to the ATO's — there 
are practices.

Last year's championship team was "ranked in the top three in the west," Wombar- 
hach said. "We were the oldest club, we had the most 
players and we were the best club," Wombar- 
hach added. "This year's team is even stronger, but we'll still have to work hard to win the title."

- Sports writer

Training for the Intramural Football season was held the week before the conference games.

The SUB Ballroom has been converted to a night club, for this special concert. Seating is limited, so buy your tickets early. Tickets sold at the Information Booth in the SUB.

Sub Films

This week's faculty activity will show "A day at the Races," a Metro Color feature with a clip from "Thoroughbred Express," a Metro Western. Also shown are "Music," a Pepe LePompeon short, "A day at the Races," and "A day at the Racetrack," a Pepe LePompeon short. Both shorts are 15 minutes in length and are on show at the Met Theatre.

High in the galleries of the main lobby stands a life-sized replica of figures: Groucho, Chico, and Harpo. These are the life-like, sitting figures that are in the main lobby of the old building. They were originally created by the sculptor himself, and his famous stand-in, during the filming of the film "A Day at the Races."

Night Courses

Popular interest is suddenly rising in courses at the University of Idaho among students throughout the university. This interest has been growing steadily over the past year, and shows no signs of abating. The courses are offered in the evenings, and are open to all students, regardless of major.

Canadian To Sing; No Cabaret

Voice, called in via Aikai Service, the "Canadian Joke Dinner," will be performed in the Elks hallroom, Friday, Sept. 11, at 8:30 p.m.

The event, which was originally planned as a Cabaret incident to dinner for the 1951 Canadian Choral and Drama Association, was turned over to Mrs. Eliza J. Rameau, Program Board Speaker.

Vadsy has recently announced an album on the N.A.M.S. label entitled, "Country Blue." A general disinterest has been shown by the student body in the radio and television station. The program, which is broadcast on the station's regular schedule, will not be repeated.
