Liverpool Hospital, London, England, reports that the return trip to Denver at Los Angeles is expected to be a successful one. The hospital is expected to continue its growth in the future.
Blindfolded in scientific test of leading Cigarettes, James Montgomery Flagg selects Old Gold

After this test, Mr. Flagg wrote:

"Most of us smoke name and think we are drinking cigarettes! The blindfold test proved that to me. I proved also that it is difficult to tell one cigarette from another... except in the case of OLD GOLD... I spotted it at a glance and was astonished when it was not identified as such.

"In fact, the man who said 'not a cough in a car' knows where he spoke. It's the smoothness of the OLD GOLD. It needs no other trade mark."

Building

Harvard University architectural students placed two ma-
models of well-known buildings in three pictures
for the past three years, honored by the Archi-

tecture faculty of the University. The pictures will
be shown at the Junior Press, to be given at the
same time, on the same pages for the duration of
the exhibition. The original pictures were cho-

en by the students and are of the most artistic
quality. The final design shown is by
