Juniors Work for Success in "The Open"

Juniors are holding the majority of the places in the Cast for "The Open" which is the first varsity production of the season. The number of junior students in the cast is appreciably larger than that of seniors, sophomores, and freshmen. The three main parts are being played by juniors, and the rest of the cast is divided about equally among the other years. The selection of the cast, according to the director, was based mainly upon merit, but the juniors were given preference because of their greater experience in previous productions. The junior students who have been selected for the leading parts are filling them very well and will, it is believed, give a creditable performance. "The Open" will be presented in the college auditorium on the 20th, 21st, and 22nd, at 8:15 p.m. each night.

Today’s leaders in business have the same point of view.
