THE UNIVERSITY OF IDAHO, MOSCOW, VENERDAY, APRIL 1, 1926

NUMBER 12

CONSTRUCTION STARTS ON NEW WING

SCIENCE HALL; NEEDED REPAIRS TO

PHYSICAL PLANT ARE POSTPONED

Plans of University Modified for Coming Bienniel Session

By: Legislature; Public Works Committee in Charge of Work

MILITARY MUSICIANS

The University of Idaho Musician under the direction of Beryl Stanton gave an excellent demonstration of his ability to perform difficult music compositions.

The War Band, under the leadership of the Bandmaster, Mr. W. A. H. Simpson, played some of the most beautiful and effective music compositions.

In the end, the Bandmaster felt that the War Band had performed admirably.

The military musicians gave a magnificent performance, and it was decided to postpone further repairs to the physical plant until after the budget is finalized.

FACTORメンバーは ett LETTER FROM PASSION PLAYER

Anton Lang and Wife, Ob- al three of the best musicians in Germany as Re- sult of World War

There are few who have not been affected by the war. The music of Anton Lang and his wife, who are now in Germany, has brought joy to many during these difficult times.

Both Anton and his wife, Rosina, have been members of the University's orchestra for many years. Their music has been a source of comfort to many, and their performances have been widely acclaimed.

Their music has been especially appreciated by the students, who have always looked forward to hearing them perform.

In addition to their musical talents, Anton and Rosina are also excellent teachers. They have taught many young people the art of playing the violin, and their students have gone on to become some of the most successful musicians in the country.

Their dedication to their craft and their love for music have made them a beloved part of the University community.

Ivan Baker, the University Librarian, has been a great supporter of the arts at the University. He has worked tirelessly to ensure that the students have access to the best possible resources, and his efforts have been greatly appreciated.

In conclusion, Anton Lang and his wife, Rosina, are truly a remarkable couple, and their music has brought happiness to many during these difficult times.

Chet Walsdorf goes to Maui

Senior Member of Executive Board of University of California is scheduled to visit the islands.

Chet Walsdorf, Junior in Business School and junior representative of the A. U. S. C. executive board, will visit the Islands, February 5 to 9. Walsdorf will be accompanied on his trip by Waialea Ohrai, chairman of the legislative committee for the Islands. Walsdorf and Ohrai will confer with the leadership of the Islands over the future of the Islands. Walsdorf will also confer with the leadership of the Islands over the future of the Islands.

Twin Ever Thus

Contrary to popular opinion, there are several stories on which campus politics may well be commented. One of the most important is that of the general effect obtained by political skirmishes in the framework of greatly increased campus interest, excitement, and life. It has been said by many that the more of campus political life that is awake the longer period is needed to spring A. U. S. I. elections.

And again, the quest for possible candidates does much to unify and mobilize the student body. The political activity is one of the principal activities in the life of the student body. It is a primary source of income for the student body. It is a primary source of income for the student body. It is a primary source of income for the student body. It is a primary source of income for the student body. It is a primary source of income for the student body. It is a primary source of income for the student body.

The soft spring rains and other sunshine are doing work with citrus groves and grapesyard hose... making two blouses of grass grow where only one grew before. The Campus Historian will soon be drawing a reality, if... students will refrain from venting ugly thoughts across to the LUB and the science hall.

Selling Idaho

Students of the University of Idaho, as well as all citizens of the Gem state, may take a leaf from the ledger of an editorial writer for the Seattle Times, regarding the selling of our state pride and support. Although writing for a foreign newspaper, as far as Idaho is concerned, this man produced such a remarkable bit of Gem state advertising and pride that practically every literate person in the state should read it.

"They say, in Idaho, the soils of the great valley of the Snake river are rich and will be profitable, and it must be true, for the farms and gardens and orchards produced in 1924 a wonderful harvest. Idaho is not a fully developed state, but its population is but 432,000. To translate to the soil is the sweetest of history. The Snake river is one of the mysterious secrets of this wonderful soil. The Snake river is one of the mysterious secrets of this wonderful soil. The Snake river is one of the mysterious secrets of this wonderful soil. The Snake river is one of the mysterious secrets of this wonderful soil.

"This makes Idaho a very rich and valuable state, as it is now, and it has been for years. It has been a source of income for all the state. The state tax is a very valuable source of income for all the state. The state tax is a very valuable source of income for all the state. The state tax is a very valuable source of income for all the state. The state tax is a very valuable source of income for all the state."
The class in advertising and selling, an important experiment of the University of Idaho, sought further to establish the mechanical details of the new Pull-Over-Mirror after hearing, where they were given a half hour talk by J. T. Post, 018, experimental advertising, dealing with an effort of display in advertising. The operation of the painter was also accomplished on the same Monday. Thus, keeping with Professor Schneid's doing to be the work of a class as practical as possible.

The shop will be opened in the modern and attractive style. They will be open for business on Monday, April 4th, from 9:00 A.M. to 5:00 P.M.
College Models
For a Gay Spring Season

Both of these models exemplify the full, loose, straight-cut trousers. They have been acclaimed, already, East and West, as the snappiest "college" suits of the season. These two and many more models are here.

The Madison

The young man, smart, alive to home style, acute in the Madison, the extremely full, loose cut, the longest, newest type of Madison is worn by Madison's central shopmen and former shopmen.

Easter Ties, Shirts and Socks

Stylist have changed greatly this spring in these men's accessories. This store, as usual, has kept abreast of the style changes, with the largest stock we have ever shown.

DAVIDS'

Remington Portable

Combine the habit of research, which you are forming now, with a little imagination, and you'll have started something.

From the time you are in college and as long as you live, your success in life and business will depend upon your ability to work and ideas. Outline your ideas, write your papers and lecture notes, your themes and letters, on a Remington Portable. A few days practice and it's better than long hand.

Remington Portable has the line-on keyboard — the big machine. It fits in a case only four inches high. You can carry it in your lap, if you wish, for it car-

neles this table on its back.

Price, complete with case, $11.50. Easy payment terms of interest.
