COMMISSIONS GIVEN 25 MEN

Addressed Members of Idaho Senate:

National Science Foundation Act of 1950, signed into law by President Truman, has been proclaimed in Idaho. This act provides for the establishment of the National Science Foundation which will be a new agency to administer federal funds for scientific research in the United States. The foundation will be headed by a Board of Directors consisting of five members appointed by the President and approved by the Senate. The Board will have the authority to make grants and contracts for scientific research and to establish fellowships for advanced study in science. The foundation will also be responsible for the dissemination of scientific information and the promotion of interest in science among the public.

goody things of life

R. J. Reynolds Tobacco Company
Winston-Salem, N.C.

CAMEL CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

Camels contain such tobaccos and such blending as have never been offered in any other cigarette.

They are the choicest of the choicest and most aromatic tobaccos.

Camels are always smooth and mild.

Camel quality is so finely balanced... by the world's largest organization of export tobacco men... it never varies.

Smoke Camels as liberally as you choose... they will never tire your taste.

Do not ever leave an unlit one aftertaste.
