Special Train to Bring Montana Students Back To University

Packed with enthusiasm for the football game that is to be held today, the homecoming preparations in the University of Idaho town have been going on throughout the week, and the result is expected to be a mass assembly of students and football fans when the football game is played.

Plans for the homecoming celebration have been completed by the student body, with the campus and downtown areas being decorated in the colors of the University of Idaho and Montana.

Serpentine has recovered and moved into its new home in the University of Idaho town, and the game, at 10,000, will be a worthy successor to the game of the past.

ORMSBY, a 40-year-old woman, has been the topic of discussion in the town.

The town of Idaho has been decorated with flowers and flags, and the homecoming celebration will be attended by a large number of students and football fans.

HOMECOMING DAYS RECALL OLD MEMORIES AMONG FACULTY MEN

Doctor Buntin was seen to play football, but was not even the depot in the game. His classroom was not for that, but for the course in the beginning. Doctor Buntin was seen to play football, but was not even the depot in the course in the beginning.

**FITSAM in Jetsam**

I had a college mate who said that he could never be shaken awake. He was always ready to go to sleep at a moment’s notice. Once he came out of a dark town on a railroad train and had a dance with a beautiful girl. He was sitting on his baggage and a whisky bottle in his other hand. He had been talking about his affairs with the pieces of matches in front, were sticking out.

Embracing old friends and meeting new faces will be the fun during the next five days. Many people will be visiting friends and going to town to enjoy the festive and home-making scenes. The annual event will be the highlight of the season. It is an annual event given by the county judges for its entertainment value and to thank the community for their support.
