GROUP COUNCIL IS FUNCTIONING

Elois A. Warm, Editor

The zero value of the last five digits has given the game of football a new lease on life and affords enjoyment. Students who have not been enthusiastic about the game may be seen away from the field, watching the game on TV screens, or discussing the latest news about their favorite team. This change in the game's popularity is due to the increased number of professional players and the higher level of competition. The consequence of this trend is a positive impact on the game's economy and support from the local community.
