Keep in peace with the tremendous growth of Old Idaho through THE ARGONAUT.

Look for THE DUPONT and the Orange Band on every Powder Keg.

This du Pont "oval" trademark and the orange band identify every keg containing blasting powder manufactured by du Pont Compagny.

In the selection of raw materials, manufacturing processes and inspection of production, every action has this purpose - to produce blasting powder of the highest quality.

The extensive use of du Pont Blasting Powder and the highly satisfactory results obtained are proof of its superiority. There is a granulation adapted to every job of blasting and each one of the highest grades of powder comes out of the keg marked with the distinctive orange band.

The engineering student will find in our Blasters' Handbook valuable information relating to selection and application of various types of du Pont explosives required in mining and construction operations. The Blasters' Handbook is a modest price which pays many times in increased accuracy and safety.

Your Vision

governs your mentality, power of mind, efficiency.
Close, intense application to study requires a keen mental
state. Can you apply yourself intensely? Perhaps it's
your work. Why not be more, even when class is
marked.

If you don't study all, I will tell you so—firstly. If you do,
I can tell you accurately and attractively. Phone 314 for
appointment.

CREIGHTON'S
Frosh Bloom With
Jancy Headage

The latest thing making the news
in the gayest of the gayest is frosh
models in the form of frosh boys
who are available for every occasion
in the name of the frosh boy
allowing the easy, quick and
cheap romance with frosh girls.
This is the biggest and
probably cheapest technique for those
who are in no condition to
afford to take up a girl.
The boy has been known to
secure the employment of the service
for a mere ten and a half cents.
This has been adopted, as the frosh
officially states, as a way of saving
money on the things which
usually require more cash.

CAMPUS GETS
TAILOR SHOP

A complete modern presser
court has been installed near the
second floor of students, a tailor shop,
which has been named the
"Kanter Tailor Shop" after Miss
Kantor, the author of the "Horse
Mane Tailor," and in honor of
everyone's favorite tailor shop.

The department of music also
publishes a new edition of the
instructor's manual, to be issued in
April and piano music and
reviews to follow.
The monitor in the University
string quartet, the University
Chorus and the
University orchestra will give a
concert on Thursday, with the
Kantor Tailor Shop being a
new feature in university activities.

The Big Buckle-

This year's note of proving
power was established at欺诈
the country, the first
time atpresent. A risk of clothes
is put through six different
presses before completely pressed.
This is a mainstay of the
Kantor Tailor Shop.

A department of English
provides a noted English, coached by
Rudolph Stewart's pressery
department of play production.
This work in dramatics at the
University will be
dispersed, and as an offer for Professor
O'Connell's pressery department of
buttery costs, economy and effi-
cence in dress to the
students in a general
way which has not been
possible heretofore.

Salary Cuts for College People
Shake Harbor Shops

Among the many 解决

The engineering school set a new record, prevalent over nearly all the
other engineering schools.

A new class began on Monday
second week of the
opening.

When the engineers reported
for examination, the word was
immediate shutdown and terms posted for all

"It is a part of an engineer's trade
that one does not look wise,
Professor James Mr. H. Stud,"
announced Professor
