House decorations this year as compared with last year represent a great step forward. It was a one side and modern approach on the other, the decorations show.

Most impressive this year is the new and original approach of Los Alamos. Los Alamos, who made the best decorations last year, has repeated this feat, consisting of the Idaho football team led by Leo Calhoun, traffic manager for the team, and a huge cougar.

Los Alamos features a large mug and the Ad building in the foreground, while the center, with trees and a castle in the foreground. Shields of witnesses are decorated with the colors of the University of Idaho, the duck is the mascot of the house, and the bob, is the motif of the house.

**CAMPUS IMPROVEMENTS DRAW HOMECOMING GRADS ATTENTION**

"In the wake of its biggest homecoming ever, the University of Idaho campus has been transformed, with students and alumni taking pride in the improvements that have been made. This year's homecoming weekend was a celebration of the university's rich history and its ongoing commitment to excellence. From the newly constructed administration building to the renovated athletic facilities, every aspect of the campus has been updated and enhanced. The weekend was filled with a variety of events and activities, including a parade, a football game, and a dance. The entire campus was decorated with banners and signs, creating a festive atmosphere that reflected the pride and spirit of the students and their families.

**LETTERMEN ASKED TO WEAR SWEATERS**

All members of the "I" club are expected to wear their sweaters, along with their letter seals, at the homecoming game. This tradition has been a source of pride for the lettermen, who are expected to lead the way in supporting their team. The sweaters are a symbol of their commitment to the university and their alma mater.

**PLAGIARISM TAKES PLEDGES**

Student leaders from Women's National Education Honorary, honorary: Alpha Chi Omega, and Lambda Theta have taken the pledge to make sure that their work is original and not plagiarized. This pledge is an important step in ensuring the integrity of academic work and promoting a culture of honesty and integrity on campus.

**VANDAL MUSIC GOES ON AIR**

The Blue Key K-Personal Material for Philologists Station (K-19) at the University of Idaho has been established. This station will provide music and entertainment for students and faculty, and will be a source of relaxation and enjoyment.

**Pendleton Virgin Wool Fancy Robes and Blankets**

"Pendletons" have won their way to fame as "The Outdoor Blanket of America" for all round utility in sports. Yet these Indian Blankets are fully as indispensable for many needs in the home. Beauty combined with durability and historic interest to create unlimited demands — for sleeping places — as coach covers — for motorizing — in college dormitories — for the games.

Exceptional in the quality of Pure Virgin Wool, in durability and in the beauty of patterns Pendletons are in a class by themselves.

Be sure and have a Pendleton Robe or "I" Blanket for the Idaho-W.S.C Game Saturday.
