A Treatise To The "Curve!"=

"A PULL-OFF" AGAIN! Breathtaking experiences had the student body of the Idaho Argonaut bound for the University of Washington! Some of those who are familiar with the other, four all the battle axes, might find this year's Pull to be different. Not only that, but those of us who have been following the magical world of the Four Vandal Paddlers have been among the leading teams in our state and have often found themselves in the lead. If you've ever seen the Red Shirts in their battle axes, you know that they're a sight to behold. No doubt, the Paddlers will once again be at their best, providing plenty of action on the lacrosse field. Be sure to catch the game and see if you can find the secret to their success.

SPORTLIGHT

By Bill Polham

Seven hundred miles have been traveled by the Four Vandal Paddlers and they have walked off the field victors in their battle axes. Not only that, but their victory has been the culmination of a long and grueling campaign. The journey began in the heart of Idaho and ended in the great outdoors of the Pacific Northwest. The Paddlers have proven themselves to be the finest battle axes throwing team in the state and have earned every ounce of their success.
