Gentleman Jim Electioneer

As Ridgenhall Hall Cheers

Brigham, we are gathered here today, and you know what a noble and grand occasion it is. We have gathered in the spirit of the great tradition of our university, to witness the election of a new president. And what a fine young man he is. He has been a leader in our community, a man of integrity and honor. He is the one we have been waiting for, the man who will lead us to greater heights.

We gather here today to show our support for Gentleman Jim. His vision for our university is one of excellence and innovation. He understands the challenges we face, and he has the courage and determination to meet them. He is a man of vision and action, and we are confident that he will lead us to success.

So, let us all come together and support Gentleman Jim. Let us show our unity and our strength. Let us be proud of our university, and let us be proud of Gentleman Jim. May he lead us with the same enthusiasm and dedication that he has shown today.

Thank you.

A Gentleman Jim Electioneers

As Ridenaugh Hall Cheers

Butchko, we are gathered here tonight in a noble cause. As Butchko, we are gathered here tonight in a noble cause, and we are about to create a wonderful revolution, a new line of thinking coming into our community.

What is this noble cause? It is the noble cause of independence.

"Indep... Indep... Indep..."

We break away from this medieval tyranny that is holding us back. We are a long, long line of freedom fighters, a line of freedom fighters, a line of freedom fighters.

Who will be the first? Who will be the first? Who will be the first?

We need leaders, we need leaders, we need leaders.

Butchko, we are gathered here tonight in a noble cause.

"Indep... Indep... Indep..."
Gertie Guillotine

The following is our platform:

Emancipation of black kids and lots on both aspects, political and social, is in the interest of both the whites and blacks. It is neither white nor black but the whole country who should be interested in the welfare of the children, not the children of one particular group. Black children and white children should be educated and be active in all aspects of American life.

In defense of all full buildings in the vicinity of Moscow, the Independent states its position on political and social issues.

They are saying many things about The Argonaut in the Boise papers.

They claim, through their southern sympathizers, that the columnists of The Argonaut are called whites all the time and that The Argonaut is distinctly on the left and espoused to anything independent.

The Independent has a lot of material in its favor and it does quite interesting literature for the Boise population, which, if the capital city papers do not realize it, may be as much a part of their political culture as the Boise papers.

The columnists of The Argonaut have been offered to independent political leaders to print as well as in person by the editor but the offer is only in the favor of a paper to be published by a sympathizer of The Argonaut that is spreading campus propaganda. The state-wide publicity, the Independent has a better medium and a better chance.

October 27th, the Independent will publish the article and we hope the editors do not feel that they are losing their audience.

All In Calm

On Monday, the greatest political mood-swing marathon of all times began. But it is all calm on the Idaho campus; calm that exists only under a flagpole. The American political parties are still breathing votes and Republicans are much more interested. The Independent, the newspaper of the Independent, is much more active.

Senior Assembly Shrouded
By Dark Cloud of Mystery

A great deal of mystery surrounds the Senior Assembly. It was learned today from the committee working on it. No definite word was given as to the exact nature of the major portion of the assembly. However, it is clear that a group of students will beness in any way.

The band, including Green Panels, will be included. Charles Henderson, and Bob Crosby for this time are not exactly sure what form the assembly will take. The band will play on campus, but no artificial or prearranged group will be given time to perform.

The band is the main attraction. The members of the student body have been given permission to attend and make suggestions.

The two men, making suggestions for the assembly, are Ludwig and Bird, as the school is very active in that form of entertainment.

The chief committee member is Ludwig, who has been in charge of the assembly.

The inclusion of the assembly in the assembly is not a strung-out situation in mystery. Many school groups have been taken off campus for practice, the members were not sure what was the purpose of each group or what they were to do. The last group has not been definitely assigned to any purpose. The group that will be assigned to the assembly is the one that has been assigned to the assembly for the assembly.

Dear Trader,
OREGON DEFEATS IDAHO BALL CLUB IN TWO BATTLES

Foxxmen Play Oregon State At Corvallis Today and Tomorrow

By Bill Fluhman.

Starkly, in a diamond edition, repeated the Corvallis conference series with a two-game action against Oregon State. The Cougars lost both games by scores of 3-1 and 6-1.

One of the game starting problems in the series is the fact that the Cougars have very few experienced players in the series and many of them have never played before. This lack of experience has been very telling in the series.

With these facts, the Cougars have no chance of winning the series. The only hope the Cougars have is to hit the right spots in the series and hope for the best.

The Cougars plan to give Oregon State a good fight in both games of the series. The Cougars have a chance to win one of the games and that is the only hope they have.

The Cougars have a good team and with a little bit of luck they can win one of the games.

SWIFT BIDDING FOR BIG MEETS

Two or three students who have been on the court for a few years, are in the running for the big meets. They are very influential in the school spirit.

The meet will be held at the university next week.

The Cougars have a good team and with a little bit of luck they can win one of the games.

Idaho Reporters See News Plant

Eugene Daily World reporter, W. H. Jones, was in town recently to see the new news plant.

The plant is very modern and has all the latest equipment.

Jones was very impressed with the plant and said he thought it would be a great addition to the city.

He was very interested in the new equipment and asked many questions about it.
