Listing the varieties of cultivated vegetable in English

By Hopkins

Listed are the varieties of cultivated vegetable in English, as will be of interest to Idaho farmers. The list is compiled by Dr. C. M. Miller, head of the English Department, Idaho State University. The list is supplemented with two hundred

The Key to the City

THERE ARE certain that exist between the Moscow town people and the university students. The university students are the multitude of students who constitute a part of the university population.

Students are not considered as citizens of any state and the students are not considered as citizens of the state. The students are considered as citizens of the university and of the world.

What Did It Matter?

ELECTIONS come, and fortunately go, but the University goes on forever. The students of the university have been in existence for many years and are sure to be in existence for many years to come. Everybody Out

THE MUCKA named mucka, "what is the president's attitude on student activities," was given an answer this week as he threw his body behind the movement for the betterment of student life on his own.

When it was first presented, the original paper filled a full sheet of paper, but it fell after the first paragraph. The second paragraph was returned to the editor, and the editor wrote a letter of thanks.

Society

The Idaho Sigma formal dance was held at the Silver Dollar, Thursday night. The dance was well attended and the music was provided by the Rocky Mountain Dance Band. The evening concluded with a convivial carving of a giant turkey. Attendees were treated to the best of both worlds: dancing and eating. The dance was a hit and everyone had a great time.

Dear Mr., Miss or Mrs.
Try a fresh Cigarette!

That little sting way down in the throat when you inhale a cigarette is caused by burned dry tobacco. You never feel it when you smoke fresh, prime Camels. The Humidor Pack keeps Camels from drying out or going stale. That's why they are always so cool and mild, so thoroughbred. Blend your choice for Turkish and mellower domestic tobaccos and kept in tip-top prime condition by an all-year rounding of quality proof. Camels are mighty hard to leave once you have tried them. If you don't believe it, switch to Camels for one whole day, then quit them, if you can.
