BOISE GOES WILD OVER VANDAL WIN

Special to The Argonaut
By Paul E. Jones

BOISE, Nov. 24—Wills "Little Giant" Smith scored three times as the Idaho Vandals defeated Utah Agricultural college 33 to 0 today. The Vandals scored 13 points in the first half and turned the second period into a track meet.

The Utah Aggies threatened to score twice, each time with the ball inside Idaho's five yard line with a first down and 30 yards to go from their own two yard stripe. Four line thugs on Idaho's 30 yard line failed to gain. The work of the Idaho line held back the drive of the Utahans. The Aggies uncovered a desperate last quarter passing attack which functioned well, but most of their gains were made in the middle of the field; Wilson provided the largest third of the game. A Woman Started This Thanksgiving Day Idea

Pilgrims footing Red Skies in her market on other can-leys are
day idea in America, but, it was a woman's idea in 1621.
For many years there has been a day set aside for
women to meet and discuss their ideas. This year, it
happened that day, November 25.

Mary E. Coburn was the first woman to
the idea, and she published it in "The Ladies' Magazine." This
idea was adopted by the Pilgrims and has been celebrated ever
since.

Professor Cohen has called attention to the
fact that the art of dieting has changed. Young
people are now more interested in eating well,
and they are looking for help in doing so.

Kenneth Collins, a long-time employee of Macy & Co.,
has decided to open his own advertising agency.

He has been teaching at the University of Idaho, and
he has taught many advertising courses.

Waste Heat Value of Wood as Fuel

Dr. E. E. Hubert Tolls Proper Method of Burning

Maho Wood

Heating with mahogany wood, which contains
volatile oils, can be done in a few ways.

A few sticks of mahogany can be used, and
the fire will be warm. But if you want
the fire to last longer, you can
burn the wood in the usual way.

Use in Furnace

Try this plan for burning wood, wood
which contains volatile oils. Make
a fire in the furnace, and
when it is hot, add
the wood sticks,
which will
burn slowly.
