Idaho Eleven Uncorks Tricky Offensive and Displays Powerful Defensive in Outfoxing Aggies in Thanksgiving Classic

By Hugh E. Ramsden

Malheur's 33 to 0 victory over the Utah Aggies at Boise last Thursday had a profound effect on university athletics in the Northwest. The outcome of the game is still in the minds of all who witnessed it, and the effects of the game are still being felt. The game was a classic example of the difference between good and bad football. The Aggies were outplayed in every phase of the game, and the Vandals' defense was a model of perfection.

The game was a classic display of the Vandals' offense, which was led by the powerful running of Walter Sun. The Aggies' defense could not stop Sun, who rushed for a total of 150 yards and scored three touchdowns. The Vandals' quarterback, Ray Strode, also had a fine game, completing 12 of 18 passes for 220 yards and two touchdowns. The game was a true test of the Vandals' offense, and they passed with flying colors.

The Aggies' defense, on the other hand, was a disaster. They gave up 33 points to the Vandals, and their performance was a disgrace to the university. The Vandals' offense was relentless, and the Aggies were unable to stop it. The game was a true test of the Vandals' offense, and they passed with flying colors.

The Vandals' victory was a true test of their abilities, and it will go down in the annals of university football as a classic game. The Aggies' defeat was a true test of their abilities, and it will go down in the annals of university football as a disaster.

Student Suggests Means
To Improve Idaho Athletics

Perhaps the greatest need of our
students is the solution of our
athletic problem. To the leadership
of the student body the problem
should be presented. An appeal
to students is being made. Student
athletes have not been selected
after careful study of the talent
available; the participants were
selected on a whim of favor. The
little college students have been
hired for the benefit of the
women of the school. This is a
delayed form of cheating because
the student body is the only
source of funds for our
athletics. Without exception,
athletics is what the student
body wants, and it is what the
student body is subsidizing.

The establishment of an
department of athletics is in
order, and practical ball
teams could be organized. The
students could then plan the
season and choose the
athletes. No student who
is not a member of the
team could go to the
games.

The Student Council
should be made up of
student athletes, and the
President of the Student Council
should be the President of the
student body. This President
might have power over the
football team, the basketball
team, and other teams.

The Student Council
would be the final authority on
athletic matters. The
President of the Student Council
should be the President of the
student body. This President
might have power over the
football team, the basketball
team, and other teams.

The Student Council
would be the final authority on
athletic matters. The
President of the Student Council
should be the President of the
student body.

Vacation Social Affairs Predominate On Campus

However the absence of so many people from the campus influenced the lack of social activities. The football season, open house, and others which the various groups sponsored, were all affected. Debating, Deb. Tea, Deb. on the campus and the chapels were probably the most active of social affairs conducted as they were at other colleges.

The anticipated event of the day was the freshman house party which they were giving. The celebration of the first floor of the freshman house was marked by an afternoon of entertainment. Dancing, coffee, and more dancing were held. The evening will be devoted to dancing.

The noise of the dancing will also continue with the freshman house party with the Valdese maid for the Valdese maid.
