THE CO-ED MANNEQUIN

For late spring and summer, the Co-Ed's page has created a different collection that goes well with the weather. The clothing is made of a different material that will last and not fade. The collection is available in a high-quality store in Moscow, Idaho. Rajas Paul will be the store manager, and the collection will be showcased in a show that will be held on the street.

Get going, Fella!
H ere's HOW

DRAG your feet to the nearest coffee stand. Roll over and swear to yourself you're going to eat bread and half-and-half. Make it a pair.

You'll be treating yourself well. For Shredded Wheat is one food that's VITALLY DIFFERENT.

It brings you all the proteins, carbohydrates, minerals, vitamins and flavor to stave off hunger in richest cereals, whole wheat. For it is whole wheat—nothing added, nothing taken away—whole wheat, crisp-baked for any digestion. All the bran is there, as Nature intended. Try it with milk or cream and the fresh taste combines perfectly.

Make these
FOUR YEARS
happy

HEALTH is the basis of a happy, successful life. You need plenty of energy to do your best in the classroom and on the campus.

An enemy of health is common constipation. It may steal vitality, and dull your days. Overcome it by eating a delicious cereal.

Two tablespoonfuls daily of Kellogg's ALL-BRAN will promote regular habits. ALL-BRAN furnishes "bulk," vitamin B and iron. Ask that it be served at your fraternity house or campus restaurant.

The most popular residents' cereals served in the dormitories of American colleges and universities. They include Kellogg's Corn Flakes, Rice Krispies, Honey Nut Cheerios, and Kellogg's "Crunchy" variety. Each one is deliciously good — and coffee that lets you sleep.
