Gins and Gripe To The Editor

But don't think it is being admitted even now that Wash-
ington State has a better football team than Idaho. Be-
known about the comparative rating of the two teams
after our game with the Beavers. Our fans are
W. S. C., Idaho game is always a
great game. Two years ago when we were rated as the
in the football polls, we lost to Idaho by 14 to 9 which was one of the best games ever
seen in the state - a great game against W. S. C.

No one who is conceded to have the edge: no matter
who is rated as the underdog; and no matter who wins
this fight, it is our prediction that it will be a great game.

At least one of Idaho’s own fans have seen Idaho-W. S. C. football games. What do you think?

Fuller girls may have a new outfit for the coming season, but we wear our hair at a much longer style today. We have been looking for a new dress for some time, and every time we see a new dress in the store, we have to decide whether to buy it or not. I keep coming back to that word "balanced" on the back of the Chesterfield package

You often hear the word balance—out of balance—too heavy, not on an "even keel."

What you read, "Chesterfield Cigarettes are a well-balanced blend," means that the right amounts of the right kinds of tobacco are welded together; that is, home-grown tobacco, light and dark; all kinds of tobacco are blended and cross-blended with tobaccos from Turkey and Greece.

When these tobaccos are balanced one against the other, then you have a mild cigarette.

When they are in balance, then you have a better-smelling cigarette.

I thought of the question: How does the statement on the back of the Chesterfield package help you to try Chesterfield?
