Fountain To Be Modernized Through University Talent

By Harold Hogan

A special effort is being made by the University of Idaho to modernize the fountain at the University, which is described as a historical landmark. The fountain is located in the Central Area and is a popular gathering place for students.

Margaret Lawyer, A True American, Is Student Here

Margaret Lawyer, charming brown-eyed freshman, could be the toast of Columbia University if she were there. At the University of Idaho she is making a success of the College of Science.

The 17-year-old Idaho native, a freshman at the University, is one of the most popular students on campus. She is a member of the Student Council and is active in several campus organizations.

Now $1.35 Instead of $1.65

The famous Crepe Chiffon hose that's a hit in any season is now offered for service.

If you want baste... If you want service... If you want fit with elasticity

Then ask for those that carry the certified seal of the United States Testing Company. The very same high quality but still lower in price.

DAVID'S Mosquito's Own Store

Seattle City Light Department

1933 Figures Compared With W. W. P. Company

The facts stated below about Seattle's city-owned electric system are taken from official reports.

The following comparisons are instructive:

1. In 1933, Seattle City Light sold to its 85,195 residential customers $4,750,000 of electricity at an average of 89,900 kilowatt-hours per consumer. This company sold to its 47,315 residential customers $3,960,000 of electricity at an average of 89,900 kilowatt-hours per consumer.

2. In 1933, Seattle City Light received from or charged to its 85,195 customers for services rendered in excess of the electric service, an average of 39.5 cents per kilowatt-hour, or an average of 39.5 cents per kilowatt-hour.

3. In 1933, Seattle City Light paid to federal, state, county, school district, and other taxing authorities, but not transferred to the Imperial Sugar Co. (fuel tax), the sum amounting to $3,865,000, which was equal to the city's electric revenue.

4. As to this company and subsidiaries, the 1933 surplus to all kinds amounted to the sum of $2,900,000. "The 1933 tax is the considerable surplus."

There are facts not political propaganda.

The Washington Water Power Co.

*It is estimated that the 1974 taxes will be $2,900,000 or 2."
Spotlights Focused on Social Activities

A perfect college atmosphere prevailed during the past weekend at UI. The debonair, the hip and the athletic all settled in for fun and games.

The Homecoming Dance was held at the Idaho Union Ballroom on Saturday night. The student body and guests of the university and guests of the university were present. The dance was sponsored by the UI Bands and the UI Student Activities Board.

The dance was a huge success, with music provided by the UI Bands and entertainment by a variety of singers and dancers.

LUCKIES are All-Ways Kind to your throat

so round, so firm, so fully packed—no loose ends
that's why you'll find Luckies do not dry out

It's toasted

Luckies are all-way kind to your throat

We think you'd be impressed if you saw Luckies being made. You'd see those soft, silky cotton leaves—without a doubt—hanging in the factory, ready for the tobacco expert to know why farmers get higher prices for them. They are the cotton leaves—dry, ripe, and fully grown. They'd be impressed by Luckies' flavor process—it's called "ranching"—designed for your throat protection. And we know that you'll be truly fascinated when you see how Luckies are rolled round and firm, and fully packed with long golden strands of choice tobaccos. That's why Luckies "keep in condition"—why you'll find that a stick of Luckies does more to protect your throat than ever. And you'll get the full meaning of our statement that Luckies are always in all-ways Kind to your throat.

UNIVERSITY BULLETIN
The Idaho University Bulletin is
today, April 24, and again will be
sent to Idaho State College, the
state, the state's students for the
summer session. Editor, next June and July, and every other
quarter for the state's colleges.

The Bulletin takes the forms of a
quarterly, semi-monthly, a semi-
monthly, a semi-annual, and a semi-
weekly. The state's colleges have
many articles of interest to the
students, and a general interest in
diminishing the cost of education.

6 about Cigarettes

As to the cigarette paper on
Chesterfield

This reel of cigarette paper is
adequate to make 42,000 Chesterfield
Cigarettes. It is of the finest
manufacture.

In texture, in burning quality, in purity, it is as
good as money can buy.

Cut open a Chesterfield cigarette. Remove the
rubber and hold the paper up to the light. If you
know about paper, you will at once note the uniform
texture—no holes, no light and dark places. Note also
its dead white color.

If the paper is made right—then it is uniform—
the cigarette will burn more evenly. If the paper is made
right—then it will burn more evenly and there will be
no odor from the burning paper.

Other manufacturers use good cigarette paper;
but there is no better paper made
than that used on Chesterfield. You
can count on that!
