Colonel Kashinkevich Speaks to Officers

On Seriousness of Life

I have been very much interested in the present trends among the students here at the University of Idaho. I have noticed that the students are much more serious in their studies than they were in the past. This is a good sign, and it is something that we should all be proud of.

Mortar Board Taps Pledges

Seven New Women Selected For Sorority, Honorary Campus Day

Mortar Board, senior women of the University of Idaho, have chosen pledges for the coming year, a part of the work of the organization being to select the best candidates for the organization.

Mines Magazine Is Successful

Idaho Miner Is First

Editorial of the School of Mines

In the mining industry, there has been a great deal of interest in the success of the Idaho Miner, the first editorial of the School of Mines. The Miner has been well received by the students and faculty of the school, and it is expected to continue to be a success.

Mother's Day Idea May 13

Organized in Philadelphia

"Why I have never bought a mother's day card for my mother. Why is this day of study in my life?"

Mother's Day is an important day for many people, and it is a day that should be celebrated by all. It is a day that honors the women who have given so much to us, and it is a day that reminds us of the importance of giving back to those who have given so much to us.

Congratulations!

To those Idaho students who join the Idahoites of Spam, Morte Board, and Silver Lane, we extend our sincere congratulations. These are the young people who have attended the University of Oregon, and we believe that they have been well trained in the arts and sciences. We hope that they will make good citizens of our state, and that they will be a credit to their alma mater.

You, who have thus far been privileged to enjoy the benefits of the University of Oregon, are to be congratulated. You have been well educated, and we hope that you will continue to pursue your studies with diligence and perseverance. We trust that you will make good citizens of our state, and that you will be a credit to your alma mater.

Should Campus Day Be Abandoned?

Again comes the question: Should Campus Day be abandoned? Many students believe that it is the most important event of the year, and that it should be continued indefinitely. Others believe that it is a waste of time, and that it should be abandoned.

Let us consider the arguments for and against Campus Day. On the one hand, it is true that the students are the ones who benefit most from Campus Day, and that it is a good way to keep them interested in school. On the other hand, it is also true that the students are the ones who benefit most from Campus Day, and that it is a waste of time.

To sum up, I believe that Campus Day should be continued indefinitely. It is a good way to keep the students interested in school, and it is a good way to keep them healthy.

At the cinema...

The recent news item that has been on everyone's lips is the fact that the new movie, "The Great Gatsby," starring Robert Redford and Mia Farrow, has been a great success. The film is directed by Baz Luhrmann, and it has been hailed as a masterpiece of its genre.

The film is set in New York City during the 1920s, and it tells the story of Gatsby, a wealthy man who is in love with the beautiful and mysterious Daisy Buchanan. The film is a study of the Jazz Age, and it is a tribute to the writing of F. Scott Fitzgerald.

The acting is superb, and the direction is excellent. The film is a must-see for all lovers of cinema.
The clean Center Leaves are the mildest leaves
They Taste Better!

As you can see from this picture— Luckies' fine, smooth quality just hasn't happened — for we use only the clean center leaves. Only the clean center leaves — for which farmers are paid higher prices — for the center leaves are the mildest leaves— they taste better. Then — it's toasted — for those protection. And every Luckies is fully packed with these choice tabacco-made round and firm—free from loose end — that's why Luckies are the mildest leaves — they taste better. Luckies are always in all-way kind to your throat.
