Co-ed Argon

10 Years Ago

The cards of 1962 were very glad to be able to offer letters in the memory of that beautiful era of the 1960s. But who are we? Our beautiful and very old friends.

In all seriousness, 1962 was a significant year for the Idaho Argonaut. The newspaper was in its 10th year of publication, and it was a time when the Argonaut was gaining recognition and respect among the students of the University of Idaho.

Stu's were as much a part of the Argonaut as the students themselves. They were the backbone of the newspaper and its success. Their dedication and hard work were the foundation upon which the Argonaut was built.

The Stu's were not only responsible for the content of the newspaper, but also for its design and layout. They were a driving force behind the Argonaut's success, and their contributions were invaluable.

The Argonaut was not just a newspaper, it was a community. It was a place where students could come together to express their opinions, share their stories, and connect with one another.

The Argonaut's history is a testament to the power of student journalism. It is a story of dedication, hard work, and the pursuit of truth. It is a story of the students who believed that the Argonaut could make a difference, and it is a story of the students who made it happen.

As the Argonaut celebrates its 10th anniversary, we offer our congratulations to all who have been a part of its history. Thank you for your dedication and your contributions. The Argonaut is stronger because of you.
Hen Eyes

The door old Henney has been knocking on this week is the A.S.U. union building. For the past few days, old Henney has been knocking on the doors of the A.S.U. union building, but as of yet, she has not been successful.

Old Henney is a long-time member of the A.S.U. union building, and as she was not able to get a meeting with a representative of the union, she decided to go knocking on the doors of the A.S.U. union building. She has been knocking on the doors of the union building for the past few days, but as of yet, she has not been successful.

The A.S.U. union building is located on the north side of campus, and it is the home of the A.S.U. union, which is a representative body of the students of Moscow State University.

Old Henney is the oldest member of the A.S.U. union building, and she has been a member for over 30 years. She is a passionate member, and she is always willing to help whenever she can.

Old Henney is a well-known figure on campus, and she is always willing to help whenever she can. She is always there to lend a helping hand, and she is always ready to listen. She is a true friend to all, and she is always there to help.

Even Geometry

The discussion brought up the question of the importance of geometry in education. The importance of geometry cannot be overstated. Geometry is the study of shapes and spatial relationships, and it is a fundamental part of mathematics.

Geometry is important because it helps us to understand the world around us. It is used in many areas of science, such as physics, engineering, and architecture. It is also used in many areas of everyday life, such as art, design, and even cooking.

Geometry is a fundamental part of mathematics, and it is important for students to learn it. It is a challenging subject, but it is also a rewarding one. It is a subject that can be enjoyed, and it is a subject that can be mastered.

Finals Before Christmas

How would you like to take your examinations before Christmas? This is possible because of a new plan which is being practiced at Moscow State University. The plan is called the "Finals Before Christmas" plan, and it is being practiced at the Moscow State University.

The plan is simple. The students are given a list of the examinations that they will have to take before Christmas. They are then given a week to study for each examination. The examinations are then given on the week before Christmas.

This plan has been very successful. The students have had time to study for their examinations, and they have been able to do well on them. The plan has also helped to reduce stress for the students.

This plan has been very successful. The students have had time to study for their examinations, and they have been able to do well on them. The plan has also helped to reduce stress for the students.

Stymied by a Stupid?

There is a big difference between doing something right and doing something wrong. Doing something wrong can be very harmful, and it can cause a lot of problems. Doing something right can be very helpful, and it can lead to success.

When you do something right, you are doing the best you can. When you do something wrong, you are not doing the best you can. This can be a big difference, and it can make a big difference in the outcome of something.

This can be a big difference, and it can make a big difference in the outcome of something.

When you do something right, you are doing the best you can. When you do something wrong, you are not doing the best you can. This can be a big difference, and it can make a big difference in the outcome of something.

SOCIETY

IN DIRECT contrast with the last weekend before vacation, which was a week of beautiful weather and in full on the Phi Delta Theta's annual dance, the Spring Formal, no one could afford to sit back and relax in the heat, the sun, and the outdoor activities of the week. Instead, everyone was looking forward to the grand finale of the week, the Phi Delta's formal dance.

The dance opened with a potluck dinner, where everyone brought their favorite dish to share. The food was delicious, and the atmosphere was warm and inviting. After dinner, the dance floor was set up, and everyone began to dance to the music. The dance floors were packed, and the energy was high.

The dance was a great success, and everyone had a great time. It was a memorable evening, and it brought everyone together in a fun and social setting.
Idaho Wins First Home Game With WSC By Spectacular Shooting

In Spite of Brilliant Rally, Vandals Overcome Cougars In Second Half

Blades of the old old men were flying — the goal — as the Vandals thrilled home fans last night with a 20-17 victory over the Cougars. A big crowd of 2000 witnessed the exciting game, which went into overtime only after the Cougars had staged a gallant rally.

The game was a thrilling one, with both teams playing well in the first half. The Cougars, however, were able to take the lead early on and held it throughout most of the game, leading 13-8 at halftime. In the second half, the Vandals came out on top, led by their defense and strong play from the bench. Despite the Cougars' efforts to rally, the Vandals were able to hold on for the win.

Idaho's strategy was to keep the ball on the ground, using their quickness to move the ball down the field and set up for opportunities. They were successful in this, as they scored four touchdowns in the second half. The Cougars tried to keep up with their quick passing game, but were unable to match the Vandals' defense, which managed to intercept two passes.

The Vandals were led by quarterback John Smith, who threw for over 200 yards and two touchdowns. Wide receiver Mike Johnson had a big game, catching seven passes for 100 yards and a touchdown. The defense was led by linebacker Mike Brown, who had 11 tackles and a sack.

The win puts the Vandals at 2-1 for the season, while the Cougars fall to 1-2. Idaho will next play on October 16th against the University of Washington at home.

THRU THE HOOP

The Idaho-Oregon game was exciting and fast-paced, with the Vandals winning 28-20. After trailing 10-0 early in the game, the Vandals staged a comeback. The Oregon defense was strong, but the Vandals were able to score quickly and take the lead. The game was tense, with both teams playing well. Despite the Cougars' efforts to rally, the Vandals were able to hold on for the win.

The Vandals were led by quarterback John Smith, who threw for over 200 yards and two touchdowns. Wide receiver Mike Johnson had a big game, catching seven passes for 100 yards and a touchdown. The defense was led by linebacker Mike Brown, who had 11 tackles and a sack.
