...light an Old Gold

When a retired skipper proves to be anything but retiring, by dropping anchor alongside of you... don't let him scuttle your whole evening. Offer him an Old Gold... he'll welcome it like a hero in the doldrums... while you breeze gracefully away.

Hawkeye On Duty

They say that motion is one of the keys to health, but something seems to have gone wrong in the case of a young Iowa student whose life is a constant struggle between the desire to move and the reality of his own mortality.

The young man, who we will call John, is a student at the University of Iowa and spends most of his time sitting in the library, reading his textbooks and studying for exams. His friends tell us that he is always on the go, but somehow manages to make it to class on time.

The problem is that John's body seems to be imploding at an alarming rate. Doctors have diagnosed him with a rare condition that causes his body to lose weight at an exponential rate. They say that he has only a few months to live, but John remains optimistic.

"I don't want to die," he says. "I want to live. I want to see the world."
SOCIETY

WELCOME back, you three-eyed, dizzy looking humans who wear greenface and have gross hair. It is so refreshing to see you when you stop being gross and stop staring at me.

A number of the students of this school do not seem to have realized that they have the opportunity to participate in various activities. Regardless of one's interests, there are always plenty of opportunities to be involved in various clubs and organizations. It is important to get involved and make the most of your school experience.

There are a number of activities and events going on this week. On Tuesday, there will be a meeting of the Drama Club at 7 pm in the auditorium. On Wednesday, the swimming team will be holding a practice session at 4 pm at the local pool. On Thursday, the math club will be hosting a problem-solving workshop at 6 pm in the library. Lastly, on Friday, there will be a dance at the school cafeteria from 8 pm to midnight.

Please make sure to check the bulletin board for more information and to keep an eye on your email for updates. Get involved and have fun!

*PS* I heard the news about the new student council members. I hope they will make good decisions and represent the students well.

To loneliness... I bring companionship

I'm your best friend

I am your Lucky Strike

I am a friend indeed. A better friend than others, because I am made only of mild, fragrant, expensive center leaves. I don't permit a single sharp top leaf not to single coarse bottom leaf to mar my good taste or my uniform mildness.

I do not irritate. To loneliness I bring companionship. I am the best of friends.
