We hope the rest of the students will respond to your efforts.

Everybody must have been pretty tired this week, what with removing from Universities and quizzing for school. "Why the Blue Bocket Upset?"

To the Editor:

"One of the most amazing things about this extraordinary phenomenon is that it was entirely unexpected by the cure for its causes. It is the kind of thing that is not everyday. One of the reasons is that we don't know why we have the blue bocket upset at all. What we hear the whole campus is in an uproar. Why? The cause of the blue bocket upset is unknown.

The editor made a reference to a change in the regulations of the Idaho Argonaut. However, the editors of the Idaho Argonaut have not made any such change. The argument is based on a misunderstanding of the situation. The editors believe that the blue bocket upset is due to a change in the regulations, but the actual cause is unknown.
