GLEE CLUB COMING

Girls from Lewiston Normal Will Stage Spring Week From Tonight.

Dr. Cogswell, head of the department of music, has completed arrangements for an entertainment in Moscow by the Girls' Glee Club of the Lewiston State Normal. There are fourteen members in the club and they will furnish the program which will be especially attractive to students. It will be full of fun and humor as well as music.

The concert will be held in the Methodist church on Wednesday, April 5th, just one week from tonight. The price of admission has been decided upon but every student can go and a very large attendance is expected. It has been some time since a glee club has appeared in Moscow and this form of musical entertainment is especially attractive. General admission will be only 35 cents and seats may be reserved at Hodgkin's drug store without extra charge.

Remember the date and keep it open.

ENGAGEMENT AT LEWISTON

Boys Will Leave After Roosevelt Speaks—Speakers' Clothes Forbidden.

After several weeks communication with the commercial clubs of Coeur d'Alene and Lewiston in regard to an engagement, Lieutenant Calhoon has decided that it will be to the advantage of President Roosevelt. It has been planned for the following day, April 10th, to leave for Lewiston Monday morning about eight o'clock. Each club will be required to make deposits of five dollars to cover all necessary expenses, such as railroad fare and meals. Parties will be permitted to take suit cases for their uniforms and toilet articles, but citizens clothes are absolutely forbidden.

Instead of having seven or eight men in each tent as last year, this year four privies and one non-commisioned officer will be assigned to each tent. Lieutenant Calhoon has taken up the matter of securing tents with the adjutant general of the State Militia of Idaho. Regulations tent may be used this year instead of the west tents which were taken along last engagement.

There will probably be several base ball games and dances at Lewiston in which the cadets will have a part, as the commercial club suggested that the cadets cooperate with them in raising the thousand dollar buns.

Cedar Mayor H. A. Wadsworth has been assigned to active duty and designated as commissioner. All deposits will be paid to him.

Captain C. O. Johnson of Company A has assigned his residence owing to the fact that he will be unable to go on engagement.

CONGRESS MEETS

Reciprocity is Subject of Heated Discussion—Cannon Much in Evidence.

A most interesting program was carried out by the Widow Price at their regular meeting last Friday. By the substitution of an active "Keggaroo" congress proceedings for the usual routine debate, the meeting was made an excellent novelty. A resolution favoring the "Mill Reciprocity Agreement," was introduced.

Foster and supernumor Colonels Roosevelt and President Wheeler reviewed the calendar month. The "president also attended a big baseball rally and favored the immense crowd with a speech. He spoke chiefly on football however and expressed his desire to see the rugby game adopted in the east.

ALUMNUS HOLDS RECORD

"Hercules" in Moscow Formed Athlete Takes Physical Test and Surpasses Any Other.

Until last week the record for strength as shown by the universal dynamometer in the gymnasium has been held by Geo. W. Arland of Garfield, Wash., who made a total of 482 pounds. But it re

SUNDAY ENJOYABLE Evenings at the Home of Prof. Morley—Art and Football Occum Time.

PROF. AND MRS. MORLEY have for years entertained the Senior class each spring. Last Saturday evening the class of 1911 enjoyed one of the most charming and pleasant evenings ever spent by the class, at the very attractive new home of Prof. Morley.

When about all the class had arrived, the evening's entertain ment was commenced, with a little bit in art. Each person was given a card and a slip of paper bearing a number and the name of some animal. All were then told to draw a picture of the animal on the card and place the number beneath it. After all had accomplished this with more or less success, some time was then given to guessing what the various pictures represented and to writing the name of the animal opposite it. As a card provided for the purpose. Although the majority of the seniors are artists of no mean ability or they are remarkably good at guessing, no one correctly everyone present had almost the entire list correct. This
Well Known Musical company with Annual Friday Evening at Egger's Hall.

An opportunity will be given the University students to enjoy a choice musical entertainment each Friday evening. The Moscow band has been a fixture in the streets each Friday evening during the spring and summer. This week the venue is to be opened with an excellent program, at Egger's Hall by the Pianollette Sisters, in which admission will be charged. The proceeds of the evening are to be used for the Moscow Band.

The Pianollette Sisters have been in Moscow before and all who have heard them have only praises for their artistic ability and the excellence of their performances. There are five sisters in the company and each one is a soloist. Their programs will include vocal and instrumental solos, duets and concert pieces and numbers from the current stage and screen representations, both humorous and dramatic. Such an entertainment is in all respects a treat.

The Moscow band has done good work and deserves the support of everyone who enjoys music. They are giving you a chance to hear a rare combination. Have them with your presence at Egger's Half Friday evening and enjoy the good music.

Flag's for Roosevelt Day!

As a distinctive feature of the reception of ex-President Roosevelt, it is planned to have every student carry an American flag. The Idaho college boys also may be authorized to carry a stack of flags with our Alma Mater. In order to be sure that every student is provided with the Stars and Stripes an effort will be made to have the administration building before the reception, where they will be convenient for everybody. By this arrangement the flags will be of a millions size.

This is an excellent idea and should meet the approval of every student. Further announcement will be made next week.

Expression of Sympathy.

Since God in his great wisdom has seen fit to deprive Edwin M. Brain, our fellow-student and member of the Agricultural Club, of his mother, the members of the club wish to express their heartfelt sympathy to him in his sorrow. We sincerely trust that his faith will enable him to see the will of God in this as well as in all other things. We believe that he has met this loss in the same brave manner that he has been characterized, as his conduct in the past, indicates.

Students: Patronize those who patronize us.

New Bronze Tablet in Place.

The new bronze memorial tablet was placed in the administration building last Saturday. The original tablet was put in the old administration building in 1915 in memory of the 34 cadets, who were killed in action, during the Philippine Insurgency, where they served in the Spanish-American war in 1899-1902. The names of these thirty-four Idaho boys are now protected from the weather by the fire when the beautiful administration building was burned. The faculty decided last fall to have a new tablet made. It was the desire to have it made as nearly as possible like the original memorial. It arrived by express a week ago yesterday and is now in position on the second floor, on the wall facing the broad scaling of the staircase. This location is almost ideal as it is in the very center of the entire building at a point made by the fire, in the wall where it burned.

The tablet is taken over by the gift of the students from the widows of the thirty-four cadets. A committee of the students from the junior class, with the president of the junior class, made the tablet. A sum of money was paid for the tablet by the students from the junior class.

Alumni Wedding.

Announcements have been received here of the marriage of Miss Elise Larson, '10, and Mr. Carl S. Clippinger, '10. The wedding occurred at the home of the bride's parents in Troy. Both the bride and groom are well known here, as they both graduated from the University. Mr. Clippinger made himself famous in the little college, as he was for years here, while his father was prominent in social clubs and dramatic work. The students of Mr. and Mrs. Clippinger extend their heartiest congratulations.

Saturday morning at six-thirty o'clock did the following fellows estrenure the Oregon O's at the chaffing-dish breakfast. After a breakfast consisting of sliced oranges, rice with date sauce, eggs and hot biscuits, coffee and doughnuts, was served, seven of the best men fetched for a cup of coffee. Then followed a good old Virginia reel and served either amusing stunts kept the guests entertained until after five o'clock.

North Dakota Agricultural College has a unique custom in connection with its college dramatic and literary contest. One thousand loaves of bread are given away to those attending.

GRADUATE MANAGER'S FINANCIAL REPORT OF BASKETBALL FOR THE SEASON OF 1911

Moscow, Idaho, March 16, 1911.

TO THE FACULTY ATHLETIC COMMITTEE AND THE ATHLETIC BOARD OF THE UNIVERSITY OF IDAHO.

Gentlemen:

As graduate manager for the season of 1911, I hand you herewith my report on Basketball and a general statement of the funds on hand at the present time.

The report consists of the total list of receipts and an itemized list of the expenditures, each expenditure having a number that refers to a voucher that is attached hereto and made part of this report. Wherever possible the expenditures were paid by check and in each case the cancelled check has been attached to its corresponding voucher. There is also, where it was possible, to get cash, and itemized account of the articles for which the voucher was spent. These itemized accounts are also attached and made part of this report.

From a study of this report it will be seen that the season was a financial success in a small way, ending with a surplus of $3.89. None of the conference games at home, except those with W. S. C., paid for themselves. This deficit was made up, however, by the guarantees for games played away from home and from the receipts of the practice games early in the season, which were well attended.

The money expended per this report was spent, when in the judgment of the manager it was absolutely necessary and upon the advice and request of the coach.

Respectfully submitted,

G. L. LARSON
Graduate Manager Season 1911.

</table>
SENIORS ARE ENTERTAINED

(Continued from Page 1)

entertainment was most interesting

and amusing.

But there followed a more ex-

citing and amusing game. A long

table was covered with a cloth

maded to represent a miniature

football field. Sides were chosen

and with six members on a team

the class proceeded to play a lively

game of football, using an egg

shell instead of a pig skin. The

players surrounded the table on

their knees on the floor and "chick-

ed" this tight weight football

across the field by blowing it.

Several men were soon "all in" for

both wind and substitutes had

to be put in. The game became

very exciting and the rooters would

have done well for a much larger

crowd. Among other spectacular

and wildly interesting phases of

the game was a wrangle over the

decisions of the referee and a scrap

between the referee and the um-

pire. Only after nearly every

member of the class had shout

"Five off!" was the game called.

After delicious refreshments had

been served at tables conveniently

arranged in the large rooms, Prof.

Morley favored the guests with a

vocal solo, which he said, is the

privilege only of a senior class to

hear. Several college songs were

then sung by the choir and the

present party broke up with the

old song, "Good Night, Ladies,"

with the word, "Morley" substi-

tuted for "Ladies." Every member

of the class of 1911 declared

that the evening had been one of

the most pleasant of their

entire college course.

The Senior dance given Friday

evening proved a great success in

spite of the inclement weather.

About eighty couples were there

and everyone expressed the sen-

sation that an informal party such

as that had been was just the

thing.

Miss Edna Price, a former uni-

versity student, has returned to

complete her college course.

Dr. Henrietta Moore entertained

at a reception, Saturday after-

noon, in honor of her mother,

Mrs. Thompson.

Prof. E. E. Elliott has gone to

Kootenai county, where he will

visit high schools. He will also visit

Wallace and deliver an address there before a

crowd of school trustees.

Paul S. Savidge spent a few days of

the past week in Moscow visiting

friends. He was on his way to

Troy to be present at the wedding of

his brother, which occurred Monday.

The class of 1905 at the Univer-

sity of California have donated a

marble bench to the University

which is to be known as the

Wheeler memorial bench.

Announcement to Men.

Monday morning at 8:30 in the

English room of the administra-

tion building, Miss Mary Baird will

talk to the students taking career

cooking, on table etiquette. All

men of the university interested

are invited to be present.

The Nampa Record, a copious

friend of the University, publish-

ed last week a long editorial on

the value of the domestic science

notes sent out from the publicity

office of the University and urges

its readers to take advantage of

them.

Miss Abbie Strong entertained at

a very pretty five-course dinner

party on Tuesday evening. The

color scheme of yellow and white

was very artistically carried out

throughout the entire dinner. The

guests were the Misses Brookes,

Cliftrees, Rae and the Misses Pal-

ter, Shurly, Trevy and Pierce.

Miss Stringer, master, Miss Pearcy,

who graduated from the Uni-

versity in 1903 assisted as house.

Durrio (translating in Latin)

I tried to put my arm three times

about the neck—That's as far as

I got, professor.

The University of California has

granted 5892 degrees since

1892.

gon Monthly has just been issued.

The Capital News pays its re-

spects to Governor Haskley by ex-

claiming: "Millions for bridge

building but not one cent for e-

cational buildings."—Exc.
CHEMISTRY IS IMPORTANT

Prof. says it is as Important to Liberal Education as the Classics.

The Chemical Club met last night in the engineering building and listened to two able and interesting discussions. Geo. Kroeger spoke of the products derived from the nitrogen of the air. He said that the chief product secured from the air by a chemical process is fertilizer. There are now two plants in operation which take nitrogen directly from the air by an electrical process and convert it into such a form that it can be used for commercial purposes. There is enough nitrogen in the air over seven acres of land to produce as much fertilizer by this method as is secured in a year from the salt peter beds of Chile. So there need be no fear of exhausting the supply. Mr. Kroeger's talk brought out a number of very interesting points along the line he discussed.

Mr. Holliday, instructor in chemistry, then spoke for a few minutes on the importance of the study of chemistry with a liberal education. He stated that chemistry not only gives the mind scientific training but leads toward an explanation of the phenomena of the universe and gives the student a broader view in general. In his opinion, chemistry holds as important a place in the liberal education today as the classics did a few years ago.

The next regular meeting will be held April 14th. This is a week earlier than the regular time of meeting on account of vacation the week following. The discussions will be on the recent work in the chemistry of digestion and on the manufacture of perfumes.

News from O. A. C.

O. A. C., March 21, 1911.

The electrical show, held the evenings of March 17th and 18th, proved very successful. The attendance was large and the crowd was a very interested one. The display seemed to be the most attractive of the exhibitions. There were about seventy-five different displays, all of which were of the greatest interest.

Next Saturday afternoon will be held the annual inter-company meet. Between the different companies there is keen competition and the meet promises to be a surprise in many ways.

The new student-faculty committee, to arrange for the convocations for the rest of the year, has been very busy and promises many new attractions. The exercises will be short but of the highest interest to all. With the co-operation of the different classes many new and unique stunts will be inaugurated. Everybody is very interested and there is assurance of a very large attendance.

One hundred seniors at the Kansas State Agricultural College, signed an agreement to take a course in table manners.

A new joke was sprung by a student at the Wesleyan Reserve University last week: This student suffers the ailments of obesity; it seems that even professors do not love a fat man. After a particularly hard recitation in English, the professor said, 'Alas, Mr. Blank! you are better fed than taught.' 'That's right, professor,' sighed the youth, 'subbing heavily, you teach me—I feed myself.'—Ex.
