Idaho Preparing for Future Homecoming Celebration

Registration Opens

While Eastern students gear up for the homecoming festivities, Idaho students will march to the Westover Gymnasium to attend Idaho's homecoming assembly. Following the assembly, freshmen and other students new to the university will be held until tomorrow beginning at 8 a.m.

Smaller groups of freshmen and other students new to the university will be held until tomorrow beginning at 8 a.m.

Cramer Sets Exam Dates for New Students

The following exam will be held at 10 a.m. on Thursday, Oct. 10:

Basketball, track, football, 10:30 a.m.
Volleyball, track, football, 10:30 a.m.

Basketball, track, football, 10:30 a.m.
Volleyball, track, football, 10:30 a.m.

Succulent Barbecue Awaits University Men Students

Succulent barbecue will be offered to University Men Students on Thursday, October 7, in the Idaho-owned Club. It will be from 4 to 7 p.m.

Regent's To Study Final Plans for Heating Plant

Idaho's New Boiler System To Come Near Reality October 7

Adoption of the regulations for the new heating system will be made in the Idaho-owned Club. It will be from 4 to 7 p.m.

Rep. Dall Tells Plans To Faculty In First Meeting

Mr. Balden, Idaho's fiscal year 1939-40 ASU Budget

Miss Announces Fiscal Year Change and Budget

A decrease in administration expenses, a change in fiscal year and increased revenues is the result of the new budget. The new budget is $1,000,000, which is $250,000 less than the current budget.

The new budget includes a decrease in administration expenses of $100,000, a change in fiscal year of $1,000,000, and increased revenues of $250,000.

Librarian's Here Plans Map and War Relief Bulletin Board

A pretty board of map and war information will be planned by The Daily Inter-Ocean librarian in the coming weeks. The board will be divided into main sections: a map showing the battle fronts, a list of enemy and their fronts, and a list of captured and won battles. The map will be enlarged as the situation changes and the enemy's front moves.

The bulletin board will be filled with the latest news from the war front, the stories of heroism and sacrifice, and any other information that will be deemed necessary for the students to know.

Regents To Study

(Continued from page 1)

In a special session of the University Board of Regents, held Thursday, it was decided to study the question of the inclusion of women in the University. The Regents will meet in special session next week to discuss the matter further.

Who Is Your Photo Finisher?

There are two kinds of photo-finishing—the "quickie" variety in which all kinds of negatives are shot through the same automatic printers, and the individually printed, carefully supervised kind. When you bring your films to Hodgins, you get the personal attention of a high-salaried professional photographer. Each print must pass a rigid individual inspection before it leaves the laboratory. This exceptional service costs no more than the ordinary mail-order type of photo finishing.

New Committees To Include Student-Faculty Council

Two new faculty committees, one of them an experimental student-faculty council, were the outstanding innovations in the 1939 list of standing faculty committees introduced to the faculty by President Harrison C. Dole at a meeting last week.

Taking over the functions of the former calendar committee, which will be considered permanent, is the faculty activities committee, holding basic orientation meetings for new students, and acting as a student-faculty liaison between the faculty and students.

"We will try our experiment," said President Dole, "because to me it seems in line with our educational philosophy to have committees of this sort in which student and faculty members are on an equal footing for discussions about or responsibilities in campus affairs."

"We are not skipping the planning stage," said Mr. Dole, "we will try it, get your student opinions and reactions, then revise and rework the whole thing.

"We will sponsor a University dance, a President's Day celebration at the Armory, and a Student-Faculty council with the president and faculty members."
WELCOME TO MOSCOW

110 EAST THIRD STREET
They are entering part of your job here is to help make it a play harder if the pins were there, and the girls would we want you to be proud of us: but underneath the music those other boys were, and you would expect us to, and the stepping and the thrill of the party.

We are welcome in Idaho, you forgetful.

You can learn a lot. Please don't be afraid to admit you don't know anything you don't know.

This is an editorial for freshmen and perhaps a few sophomores. This is not the time to make decisions about your major, but there are a few things you need to consider before you decide to major in Business Administration, Journalism, or Psychology. NYA Provides Jobs For About 275 Needy Students

The government's National Youth Administration, program for this year will provide part-time work for approximately 275 men and women students for nine months at an average wage of from 15 to 30 cents per hour, university W.R.A. chairman, Dean J. H. Warden, reports.

NYA is based on a 10 percent cut of the October, 1933, enrollment, and is estimated that an average of 15 percent in the number of students will be provided.

Nearly 200 students will be employed in the vicinity of Auburn. All students in the 12 schools of the city service.

At the school, the students are taught to work in a variety of different jobs. Main purpose of the NYA program, according to Dean, Warden, is to provide work opportunities for needy students and to give them working experience.

Qualifications set up by the federal government and the state makes under the NYA program, are limited to students who have not completed the high school or four years of college. The NYA program also has a list of occupations needed, and the student must work a maximum of 15 hours per week.

NYA is a federal relief project of the state, and the state has the final say in the selection of the students.

Cupid Score's 'Tilt' On University Students, Grads

Cupid, a lovely amber for Idaho students and graduates during the coming class year, is on the shelf now.

Starting the pace of new background is ABCT President Waldo Olson, who is representing the marriage tradition of ABCT presidents, broken last year by Miss Dorothy. Olson married Delory Jangle in July in Moscow.

Theodore Wood, ABCT groom in 1929-30, started the tradition by marrying while still holding office. He was followed by Robert Aronson and John Wood, who also married while holding the eloping ring of the ABCT tradition. Wood, last year's chief, broke this tradition by remaining a single man.

Steve Ronick, ABCT groom in 1934-35, was followed by Robert Aronson, who remained single.

The private history of student superstition Richard T. Rice has been made official by Abraham State University. It represents a year of collecting and a study of the sources.

How to the most important collection on superstitions supplied by an American library this year.

SAVING DOLLARS FOR IDAHO STUDENTS
Bank Concentrates On “If” Spots In Vandal Machine

Atkinson’s Play Eases
Left Half Worries

Idaho’s 1939 football team is rapidly taking shape, the 44 lucky positions of gridiron already a well-ballasted boat which is rapidly taking form, Coach Tex Buell is more pleased than he was before he made a few days ago.

The first thing that Coach placed looking for is the attitude of the team, and he encountered no trouble of a serious or unprofessional kind. The players seem to have an appetite for practice, and have shown considerable improvement in their performance.

In this first practice the Idaho team will be followed by several outsiders in the form of Coach Buell, who is looking for a few experienced players.

The same old story about a team that is too young to play well.

Coach Buell said: “It’s too early to make any predictions about the team, but we have a lot of potential. The athletes will have to work hard to live up to our expectations.”

The team is expected to do well in the upcoming season, and Coach Buell is optimistic about their chances of success.

High School Coaching Jobs Call

Last Season’s Vandal Stars

Another group of former Vandal athletic stars discovered during the summer they put their sweet socks in the tracks in temporary only as coaches, and jobbers them back into Idaho high school football fields.

Tony King, all-American Idaho and last season’s Idaho football coach, will return to his old position.

The Idaho team for the coming season, like many of the others, has the same men who have the fire of battle in their hearts. The Idaho team will be a better team than last season, and will undoubtedly do well in the coming season.

Steve Blank, star last year as halfback on the football team, is back for his senior year. He is a strong runner with great speed.

Lyman Stiles, another halfback, will be back for his senior year. He is a powerful runner with great speed.

Former Idaho star, Mike Ryan for the first few days, has returned to his usual role.

Coach Buell said: “Mike Ryan is one of the best in the state. He will be a great asset to our team.”

Mike Ryan will be used in a variety of positions, and will be a key player for the team.

On the basketball court, Mike Ryan will be a key player for the team.

The Idaho team for the coming season will be a strong team, and will undoubtedly do well in the coming season.

The Idaho team has had a good season, and will be ready for the coming season.

Coach Buell said: “The Idaho team has had a good season, and will be ready for the coming season.”

42 Denver Pioneers Eye Big Season; Fans Swamp Offices For Tickets

Baseball Battery Develops Into Fine Passing Duo

Though the Idaho-Denver university football team will not meet in Denver until November 18, the Pioneers are giving their fans reason to believe that their team will be the equal of any other in the Mountain States. Coach "Can" Hubbell's call for first practice, 15 were listened. Sophomore conditions, according to reports from Denver, are the most promising in several years.

Returning performers are Bill Courter, Frank Geddes, George Hall, Myron Sproat, Del McHarg, Herb McCloskey, backfield; Mark Davis, halfback; Mike Jurich, John Woodburn,2 backfields; Paul Schaffler, tackle; Larry Petersen, end; and Frank Scull, center.

Early practices indicate the Pioneers may develop a "chain-tangling" combination of Hall and Schaffler that will be the talk of the Rocky Mountain athletic waterfront. The two men are effective blockers throughout the last half of the season. With the team already well-formed and more emphasis upon passing, this same testing combination, Hall to Schaffler, is expected to have a big part in the team's passing pattern.

The Pioneers open their season at Montana State on September 23, a day before the Idaho grizzlies play Minne- sota. Denver fans are already well assured that the team will have a future season that this year that their Pioneers will improve on the former offices with the largest success in the school's history.

MUST REGISTER ROOKIES

Residents who desire to register to vote must have them registered by September 21, as provided by a family check-up registration. Residents will receive the office of doors of men, Herbert Woodburn.

Ray Smith, of Boston, said on September 19, that last year's Idaho team was the best he had ever seen. On that year's Idaho team, there were likely to attract more than 30,000 fans, and the entire team was expected to be ready for the opener.

The game was played at the University of Idaho in Moscow. Idaho won the game.

Hunton Finds Lettered Veterans
On Rambling Bulldog Bruisers

Coach Don Hunton, new Georgia Tech football mentor, called a veteran, age 30, to an informal little mixer at Miami, Ga., last week. He, too, was glad to find myself in the area, and he was glad to find himself in the presence of several former Georgia Tech letter winners. He also was glad to find myself in the presence of several former Georgia Tech letter winners. Hunton, who moved "legally" from Georgia Tech to Emory University by the Kefauver Act, has been busy since his arrival in Atlanta, where he had been a member of the Georgia Tech football team for several years. The school is now operating in the state capital, and Hunton is working on the Georgia Tech football team's schedule for the 1939-40 season.

Hunton's mixer, held in his Atlanta hotel, was attended by several former Georgia Tech letter winners, including Bob Smith, a two-time All-American tackle, and Jimmie Bell, a two-time All-American end. Other former Georgia Tech letter winners who attended the mixer included Frank McRae, a two-time All-American offensive tackle, and Tom Lee, a two-time All-American center.

The mixer was held in a small room in Hunton's hotel, and was attended by several former Georgia Tech letter winners, including Bob Smith, a two-time All-American tackle, and Jimmie Bell, a two-time All-American end. Other former Georgia Tech letter winners who attended the mixer included Frank McRae, a two-time All-American offensive tackle, and Tom Lee, a two-time All-American center.

August Issues Boxing Call
Installs New Equipment

Boxing Coach August today extended an invitation to all male students who are interested in boxing to visit the training room in the Memorial gymnasium and become familiar with the various boxing equipment and techniques used in boxing. The invitation is extended only during the first semester with no obligation.

August called the training room in the Memorial gymnasium, where the boxing equipment is located, to the attention of the students who are interested in boxing. The training room is equipped with various boxing equipment and techniques used in boxing. The invitation is extended only during the first semester with no obligation.

August said that the training room is equipped with various boxing equipment and techniques used in boxing. The training room is equipped with various boxing equipment and techniques used in boxing. The invitation is extended only during the first semester with no obligation.

Tricky Strategy For Idaho

With a victory and a defeat already in their 1939 scoring
record, Montana State college, Idaho's opponent for the
September 20 program here, smoothed out its football notation
in Bozeman this week as Coach Schobert Dyche tries to
offset his team's light weight with generous doses of tricky
strategy.

Montana's 25 to 8 in their pre-
vious game against Flagstaff (49 points to another the Boz-
eman grad, the Bobcats received 12 wakles. The Bobcats threatened
once in the final quarter when they tried to ambush the runnnis to the San Jose
amidst the admirable efforts by the defensive line-up. But the rest of the backfield
was an effort to keep the "inferior" play from the backfield to the
front. The star, Coach Dyche

First String Spots Wide Open;
New Men Show Up Well

When some 40 men reported at Oregon State college Thursday morning for the beginning of football practice, little time was wasted on preliminaries. The Champions play their first game on October 30 at Palo Alto, Calif., against Stanford University. A week later they will meet Idaho State in an attempt to maintain the streak of 16-0 and the Vandal last year and the base six which Reporting shows big credit. Several athletes have had their hands broken in the early workouts. OneSan. Stiner's open team will start scrimmaging his men as soon as possible.

Stiner instructed the players to report in good physical condition so that in no time they could get on with the work. First-string men still will hold the line as they did last week.

Mike's Team Banks
On Ryan Family

Idaho Gains, Maine Loses
When Athletic Ryan Go On

When Mike Ryan, Idaho's backfield coach, moved from Maine to Idaho, he brought with him a football team. The Ryan family is full of football and basketball enthusiasts, and members of the family include: John Hackenbruck, one-year letterman; Bob, halfback; Tom, center; and Bill, guard.

The family's best prospect, however, is Mike Ryan himself. Playing on the Vandal freshman team this season, he has been in the starting lineup and has led the Idaho football team in rushing.

"Chee-Che, Aiken, right, and "Whiter" Price, left, have a bit of a struggle about a fourth-string Fullback in the Vandals lineup. It's hard not to say that Adele Grom, who won a spot on the track team, is the best athlete in the Vandals lineup. She is taller than everyone else and has the speed to beat them all. She is a good student and is expected to do well in the upcoming season.

"Sideline ---Slants

A sports commentator who attempts to describe the end of the season a few months hence has a hundred tackles and yards to a score on his mind. If the ball is dropped by the quarterback, the defensive player who recovers it is the one who is the hero of the day. If the ball is dropped by the quarterback, the defensive player who recovers it is the one who is the hero of the day. If the ball is dropped by the quarterback, the defensive player who recovers it is the one who is the hero of the day.

The Vandals' coaching staff is putting the finishing touches on the team. The Vandals will be ready to face the challenge of the season.

Look Back Gives Perspective

Look For Ahead

By Ed Davis

The two topics adjacent to these pages have familiar components, are very similar pictures, are closely related, and are perhaps so much alike that they may be considered as half the same. There are two different devices in the same group of designs, or two different designs that make a whole.

The experiment of building new cities, setting new trends, and trying new ideas is a step in the right direction. Some improvements have been made, and some changes have been made. But the work is not yet finished. The same is true of many other areas. It is a step in the right direction.

News from the Opposite Hotel Moscow

A rock and roll band from the University of Idaho was recently invited to perform at the Moscow Arts Theatre. The band, consisting of bass, drums, and guitar, performed a set of upbeat rock and roll songs that had the audience on their feet. The musicians were dressed in their signature black uniforms, which added to the overall cool and edgy vibe of the performance.

When asked about their experience, the lead singer stated, "It was amazing to perform in front of such a large and enthusiastic crowd. We had a great time and the energy was incredible." The band plans to perform more shows in the future, with a particular focus on booking concerts in larger cities.

Multi-colored Tables Offered Bucket Cafe Attraction

One of the best spots that gained early arrivals to the campus was Jim’s Paints Blue Bucket Cafe, now officially open during the day and evenings. The cafe offers unique multi-colored tables and charismatic white cafes. It’s a great spot to grab a bite to eat and enjoy the colorful tables.

The owners of the cafe have worked hard to create a unique atmosphere and a welcoming environment for visitors. They are excited to see how the cafe will be received by the community and look forward to serving many guests.

University Offers Low Living Cost

Among the leading colleges in the United States in one accommodation on campus, the University of Idaho offers a low living cost. In the fall of 2019, the university was ranked seventh with a total four-year cost of $18,652.82, which is $850 less than the average cost of the state.”

Russians Meet Grade Everywhere

On Spanning Nation Junket

By William Joslin

The education professor and his wife, Mr. and Mrs. H. C. Joslin, visited Play Island in the spring of 1939. They were accompanied by Dr. Charles Joslin, their son-in-law, and Mrs. Joslin, who was visiting the United States for the first time. They stayed at the Hotel Moscow and had a successful junket.

"It was a wonderful experience," Mrs. Joslin said. "We were able to see many different parts of the country, and it was a great opportunity to learn more about the culture and history of the United States."

The educators were impressed by the hospitality and friendliness of the people they met, and they were particularly struck by the beauty of the natural landscape. "The scenery was simply breathtaking," Mr. Joslin said. "We enjoyed every moment of our visit, and we hope to return in the future."

SUI President Says Hello To New Students

I do professors have a habit of finding out how much you care about their students. Idaho has a well-developed system of student government, which is an outstanding public for any student body. Founded in 1889, The University of Idaho is established by the people of this state for the training of its citizens and for their general usefulness in public service.

The annual university study and association, you probably never heard. The feeling of belonging, of being a member of a great city for all humanity, is something that will grow with the years. We have enough to share with the people and enough to learn from one another in their many roles to help their fellow citizens. Don't feel too much, but keep it among us and understand everyone.

Since a philosophic soul, we are aware of an important idea. But on the best of authority, the idea is related to the legal position that stimulates, appreciates, and understo...

Local Firms Back Ventures Of The Silver and Gold

With another Idaho football and basketball season at the door of Vandals and the Big Trees, plans are under way in Missoula for the implementation of a number of business ventures. The most notable, though not the easiest, is the expansion of the University of Idaho campus into the city of Missoula.

The firms listed below will be turned to in the Planning Board of the city of Missoula, and the tasks are arbitrary. The most important of these is the construction of the new Missoula campus, which will be housed in the old Missoula High School.

With this in mind, the Missoula campus has been expanded to include a number of other business ventures. The most notable of these is the expansion of the University of Idaho campus into the city of Missoula.

In the business world, there is great interest in the Missoula campus. The most notable of these is the construction of the new Missoula campus, which will be housed in the old Missoula High School.

Bonnie Lange Gets Home From Job In Orofino School

Miss Bonnie Lange, has been appointed home economics teacher in Orofino School, according to J. B. Long, principal. Miss Lange was graduated from the University of Idaho with honors in home economics, and is a member of the Alpha Chi Omega sorority.

The vacant position was filled by Miss Ethel Givens, who is chief of the home economics staff at the University of Idaho.

New Faces Appear In Faculty; Only One Position Added

Although about the usual quota of new faces will be seen in the new season's classes when school opens next week, only one new position has been filled, according to Dr. John J. Dallas, registrar.

Dr. John J. Dallas, registrar, announced that the University's fall term would include a new position for a graduate assistant in psychology. The assistant will be responsible for the supervision of the psychology laboratory and the administration of the psychology clinic.

Dr. Dallas said that the position was made possible by a grant from the National Science Foundation. He added that the new assistant would be responsible for the supervision of the psychology laboratory and the administration of the psychology clinic.

Dr. Dallas also said that the University had received a number of new students from other universities, and that the fall term would include a number of new courses.

The University's fall term begins on September 1, and the registration period runs from September 1 to September 10. The Fall Term schedule is available at the registrar's office.

Athletes To Get Spring Awards

Graduate Manager Recommends 78 For Sports Participation

Spring awards for next season will be presented to student athletes in recognition of their achievements. The awards will be presented at a special ceremony to be held on the campus.

The awards will be presented to student athletes in recognition of their achievements. The awards will be presented at a special ceremony to be held on the campus.

University Grants Its Twentieth Honorary Degree

Growing honorary degree program has received national recognition, with the University receiving the 21st honorary degree on its list. The degree was conferred on Dr. John J. Dallas, registrar, for his contributions to the University.

Dr. Dallas has been a member of the University's faculty for 21 years and has served as registrar for the past 17 years. He is widely recognized for his leadership in the development and advancement of the University.

The University's honorary degree program was established in 1940, and has since conferred honorary degrees on a number of distinguished individuals, including former presidents, politicians, and academics.

Crawford Recalls First Printing

The first table which was used to make a museum in the University is shown in the new exhibition of early American printing. The table was made by Dr. Crawford, and is one of the oldest printing tables still in existence.

The exhibition, which is located in the University's art museum, is part of a larger exhibition of early American printing. The exhibition includes a number of rare and unique printing devices, as well as a collection of early American printed materials.

The exhibition is open to the public and is free of charge. It is located on the first floor of the University's art museum, and is open daily from 10 a.m. to 5 p.m.
Fashions Capture Campus Women

The Idaho welcome rings out... to all freshmen and new students as they come to campus for the first time on that momentous first day. Of course, the welcome goes out to those coming by the millions of transportation. Right now we are interested in the women, and the way they clothe themselves is one that they claim are so easy to wear.

Gradually I am starting to think that it may be a little late. If your hair should be long, it’s still a little long, but in that smart bang that they don’t get from their father or their older sister. In this way we want to use it. There’s a change in the way they wear it, and don’t think the fruit won’t be selling. A fashion drill for the “sitters” and we are asking for it. Black ball Supreme. Of course, the Fashionette that can’t be bothered with the fashion drill makes their drilled look even different. And black reigns supreme as they come to Moscow.

Suits and Suits!

Atmosphere While You Shop!

If you have never visited the STYLE CENTER in Pullman (Just a few minutes from your house) you owe it to yourself. An extensive remodeling project has just been completed. Enjoy the modern comforts of our lounge while you are looking at the smart new styles for University Women.
