MEDALS AND CUPS TONIGHT
Presentation to be at Senior Play. Seats Reserved for Athletes.

The cups and medals which were won this afternoon will be presented to the winners this evening at the performance of the annual Senior Play which will be in the Crystal theatre. They will be presented by President MacLean. Arrangements have been made to admit all those interscholastic athletes whose expenses are paid by the management of the Walla Walla, without charge. Seats have been reserved for them at the theatre.

The play is entitled "Why Smith Left Home." It is a comedy and is full of humor and amusing situations. Some of the character parts are also most entertaining. The players have been working steadily, rehearsing every afternoon and evening for the past week.

The college orchestra and the Kappa Sigma quartette will furnish music to-night. Saturday night, besides the excellent music by both these organisations, an Irish reel will be rendered by six young ladies of the University under the direction of Miss Wald, the ladies physical director.

Company Gives Us Phone.
The Moscow & Rural Telephone company installed a phone on the athletic field today for the use of the Argonaut. This service is freely given and we wish to publicly thank the proprietor, Mr. T. A. Meeker, for his kindness. The use of this phone was invaluable to us in putting out this extra edition of the paper. Mr. Meeker deserves the greatest praise and commendation for his kindness.

“Hec” Edmundson’s Team Defeats Lewiston By One Point--Boise Third--Phillips Individual Star.

Coeur d’Alene...........33
Boise.............19
Colfax...........10
Moscow...........9
Lewiston Normal......5
Palouse...........5
Mountain Home.......2
Wardner...........1

The track team of the Coeur d’Alene High School won the Interscholastic track and field meet here this afternoon. This speaks well for their coach, "Hec" Edmundson, Idaho’s great runner and a graduate from the U. with last year’s class. He has coached the team all through the year for all branches of athletics from football to track and the results of the contest today show how well he has succeeded.

The winner of the individual medal is Phillip Franklin. Lewis and of Phillips is unusually well proportioned and well developed athlete. He took 21 points in the meet.

The preliminaries to the Idaho Intercollegiate track and field meet were begun at 1:30 Thursday afternoon with about 120 athletes trying to make their teams. They were run through in good order, and such the less interesting features being doubled up. The weather turned off fine and the preliminaries. The rain of the day before settled the ground and left the track in the best condition it has ever been this year.

As expected, Shaw of Lewiston, Cook of Coeur d’Alene, and Gano of Moscow qualified for their events with out difficulty. None of these worked very hard in the preliminaries. Carey or Boise was a surprise to some of the northern schools on the first day. He took first in several of the preliminary dashes. Carey was entered in the Whisman meet last year, but as he had to contend with Shaw of Lewiston and Cook of Ellensburg, both individual cup winners, in every event, he did not make as great showing there.

In the two finals held Thursday, Lewiston made ten points, Phillips taking first in both the hammer throw and discus. Cook won four points for Coeur d’Alene, winning second in the hammer and third in the discus. Goff won, second in the discus and third in the hammer, counting four points for Coeur d’Alene.

The meet today began promptly at 1:30 and the first three events were tallied off in about a half an hour. The first race was the 440 yard dash. It was won by Dewald of Coeur d’Alene. Matheur of Mountain Home came in second and third place with Battle of Coeur d’Alene. The time was 55 2-5.

This was followed by the mile run in which first was taken by Henry of Palouse, time 5:49 5-6. Gerloff of Boise won second. The 400 yard dash was won by Dewald of Coeur d’Alene. The 100 yard dash was won by Carley of Boise, time 6:22. Carley has surprised all the "dopers." His time is remarkably good. Shaw of Lewiston holds second place in this race, and Smith from the Lewiston Normal holds third.

In the shot put Phillips of Lewiston took first, Cook of Coeur d’Alene second and Goff of Coeur third, distance 41.4 feet.

The 100 yard dash did hot lessen the time set yesterday. Carley of Boise was first, Shaw of Lewiston second and Gano of Moscow third, time 10:33. The big Lewiston man, Phillips, threw the javelin a distance of 144.6 feet, taking first in that event. Cook of Coeur d’Alene and Ingerson of Wardner took second and third places respectively. This record is only 15 inches less than the distance which took first place at the big Pacific Coast Collegiate meet at Berkeley two weeks ago last month.

The running broad jump was won by Gano of Moscow. Purdy of Coeur d’Alene took second and Thompson of Lewiston third. The distance was 19 3 1 inches.

Carley of Boise again came out first in the following event. This was the 120 yard hurdles. Chapman of Colfax and Jones of Wardner won second and third places respectively. The time was 14 1-4.

In the half mile run, which came next, Dewald of Coeur d’Alene crossed the finish in 2:13 3 10 seconds, taking first in this event. Second and third went to Pack and Gerloff respectively. These men are from Boise. Carley continued the surprising

THE NEW IDAHO SONG
Professor is Author of New College Song--Sing in Public Tonight.

Tonight at the Crystal theatre between acts of the senior play the Kappa Sigma quartette will sing the new Idaho song which has been written by Prof. C. C. Tull. The song is entitled "Alma Mater Idaho." Prof. Tull has been at work on it for some time, but only recently got it in shape that suited him. The music was arranged by Miss Bath Canfield, '12.

The record he had started when he took first place in the 230 yard dash, adding another five points to Boise's score. Cook of Coeur d’Alene took second and was closely followed by Smith of the Lewiston Normal. The time in this race was 24 seconds.

The pole vault won by Bradbury of Rathdrum. Brown of Moscow took second. Foreman of Walla won third place, height 9 feet. At first there was a tie between Brown and Bradbury, but that was worked out just before the relay races.

The 220 yard hurdle race was won by Smith of the Lewiston Normal. Chapman of Colfax took second place, and Shaw at Lewiston took third. The time was 26 8-4.

The last event of the regular meet was the high jump. It was the last because the relay race which was the only following competition, did not count in the scores. Barths of Coeur d’Alene won first, Welker and Phillips, both of Lewiston, took second and third places respectively. The height was 5 feet and 2 inches.

The day's program closed with the relay race, which was won by the victors of the meet, the lads from Coeur d’Alene. The team was composed of Thomson, Dewald, Colquhoun, and Good. For some reason the time was changed to 2 minutes 9 seconds. Thirteen teams entered the race.

EVAN T. SAGE
Chairman of the faculty committee which is managing the interscholastic track and field meet this week.

PROF. C. C. TULL
whose new college song, "Alma Mater Idaho," will be rendered in public for the first time tonight.
Pig.

You Freshmen who weigh 14 pounds to the foot, and who can't run fast enough to catch cold, don't get discouraged if a Senior runs rings around you. He wasn't as fast as you are when he bought his first chapel ticket. If you don't believe it, go and ask him, and when you have learned the truth, why—Just Ping!

The fellow who, by iron logic, strung up a victory for the old school, or won the fellowship of the, may seem to be, intellectually, on an accessible peak to you, but four years ago his pug shook so that he could scarcely stand up in society and address the chair, and he was unable to connect two things logically to save his neck. You've got him but a yard on the start, so—

Just Ping! Yes, the Senior did make a cracking good speech at Y. M. C. A. Sunday. It certainly did make a fellow feel like being better. But four years ago the fellow looked like a forked stick scantily clothed, and his voice sounded like the tune the plumber plays with a thud now. Yes, he did do much better than you could have done yesterday, but when he was a Freshman he couldn't speak in the Y. M., as you did so—

Just Ping! That fellow who wears the track medal will be out next year. If you "pop up," you will wear a better one four years from now. The pigeon holes in your crane may be filled with a wall of isolated facts. Get them hooked up some way, and it will be you who will, four years from now, convince three judges that there is only one side to the question. Get into that Bible study class and learn how to live, and in four years you will be able to convince others that such work is worth while. You can't discover and get rid of your provincial togs by watching the other fellow. DON'T stand on the side lines and wish that you could do it. Get busy.

"There is no genius but the genius of hard work." Therefore, Ping! Ping! Ping!!

—The Cornellian.

Spokane Cartoonist Coming.

Prof. Clyde Tall has made arrangements with Mr. Morris, the well-known Spokane-Review cartoonist, to come to the University on the evening of May 19 to lecture on "The Cartoonist and his Work." The lecture which will be illustrated, will be given in the Y.M.C.A. hall in the Administration building. The English classes which have made a study of current events this year have been much interested in the work of Mr. Morris and it is primarily for their benefit that the lecture has been arranged. The price of admission will be merely nominal—twenty-five cents, as the affair will in no sense be a money-making venture.

Baseball Calendar.

May 8th—Whitman at Walla Walla.
9th—Whitman at Walla Walla.
10th O. A. C. at Corvallis.
11th O. A. C. at Corvallis.
12th U. of O. at Eugene.
13th U. of O. at Eugene.
17th U. of W. at Moscow.
18th U. of W. at Moscow.
27th W. S. C. at Pullman.

Two more games are to be arranged with W. S. C.

O. A. C. to Try New Plan.

The authorities at Oregon Agricultural College are planning a new method of advertising the institution. Instead of printing and distributing a very large number of catalogues, a very attractive little booklet will be published and sent out as widely as possible. This will contain many cuts showing the campus and the buildings and various phases of student life. These cuts will be printed by the new line-press process which insures beautiful reproductions. One-third of the booklet will be devoted to illustrations.

The regular catalogue will also be printed but only a limited number and in an abbreviated form. It will be sent out only upon request. Its purpose will be to give detailed information concerning the school and the courses offered. This plan will reduce expenses very materially and will also be wider and very attractively advertised the school; while all who wish specific information can obtain catalogue upon request.

Found—One lady's nice black for muff, two good umbrellas, one pair gentleman's kid gloves, and two pair ladies' gloves—some kid and some. Owners can get same by applying in the office of the bursar.

Tennis Very Popular.

The game of tennis is becoming very popular at Idaho just now. The courts are always occupied. The girls from Ridenbaugh hall often play before breakfast in the mornings, sometimes getting up on the courts almost before day-break. Several courts have been made by students who do not live very near the campus and these too are in use in a large part of the time.

Lewis court, the new gym, is the scene of daily games, games—gardens of the weather. The ground floor of the building makes it ideal for this game, and many girls are learning to play tennis in this big room.

Play Before Big Musical Club of Spokane—Press Comments Very Favorable.

The School of Music of the University has been signalized by the engagement of two of its faculty members as soloists at the Mendelssohn Club concert at Spokane, last Friday, May 13, to fill in the absence of their regular soloists in the 1913 concert. They were assisted by Miss Fay Hostetter, assistant instructor in violin, who accompanied them.

The Mendelssohn Club is the largest and most important musical club in Spokane and has two groups of boys and girls accompanying them. It is to be congratulated upon the opportunity of making their debut in Spokane musical circles under the auspices of this organization.

**NEW FRAT FORMED.**

Recently a new organization has been formed at Idaho. The appearance of several bachelor buttons in conspicuous places on the wearing apparel of some of our less socially inclined friends has caused excitement among the students. A new organization is the Botany Club. It is a club of men who are interested in the study of plants and flowers, and who plan to hold meetings regularly to discuss the botany of the region.

**ANNUAL SOPHOMORE FROLIC.**

Underclassmen Have Successful Dance—Music by the College Orchestra.

Last Friday night the class of 1913 gave the annual Sophomore Frolic in Eggen's hall. The dance was successful in every way. The crowd that attended was not so large as it might have been, but the orchestra was very good and each person had a fine time. There was a great deal of dancing, and the orchestra played many popular songs.

**THE MOSCOW BUSINESS COLLEGE.**

Students would be greatly benefited by being able to take their lectures in shorthand, and to transcribe them on the typewriter.

Law students will find stenography one of the best of means to earn an independent living.

We invite you to investigate the work we are doing.
