We'll buy the finest, the very finest tobacco in all the world—but that does not explain why folks everywhere regard Lucky Strike as the milder cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, they are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are much milder cigarettes.

"If a man wants a good feel, a good time, order a box of Lucky Strike. The milder taste makes it less tiring on the nerves. It's a sure way to keep you going."
