STAFF ANGLE

ASTU ANGLE

With all this gloom here for our training, we decided to have our first ASTU Angle by the author's advice, in order to give ASTU's men a bit of a rest from their training duties. It's not too often that a Staff Officer will go out of his way to give a Staff Officer a good time, but here it was done. The Staff Officer was none other than Captain Walter Bond, of the Staff Section of ASTU.

Communique Comment

Little Finland's rejection of the Russian point terms is apparently the result of a decision by the Russian government to withdraw or limit their presence in the country. This move is a significant development in the ongoing negotiations with the U.S.S.R. The rejection of the Russian terms could have significant implications for the future of the region.
