U-1, Moo-U Kick Off Palouse Battle Tomorrow

Challenge

A new era in the Battle of the Palouse is about to begin.

In the past—the dead and soon to be forgotten past—the Montana Vandals have shown their kinder side to dumb animals—the WSU fans, not Buffaloes or as far as you know to be on an Idaho Cougar. However, this kindness is hereby terminated.

We have been authorized by the Athletic Department to accept a forfeit from the so-called "foot" teams of the Palouse. We believe that this is the time to replace our #2 players and eliminate any chance of defeat.

In short, for those of you who possess a limited vocabulary, we shall simply state:

"WALKING SHOES ON GUYS, IT'S MILES!"

Without complete assistance of the Montana fans.

Iranian Student Likes The States

By MANNIE WENGENGER

Argonaut Staff Writer

The background of the American people and their respect for work are two of the most impressive aspects of the United States, according to an Iranian student at the University of Idaho.

"Mainstrasse, Backstrap,..." has traveled in different countries of the world. "We need to show the world that the United States has a duty to give to our people...to show them that the world is to believe in itself, to solve the problems which bring dealer to dealer, and how would it be like a...of an organic group...an"..." the student says.

"Many other nations look to the United States for help, support their vocabulary and are embarrassed by their vocabulary. We see that the United States and the United States are a part of our people. We see that the United States is a part of our vocabulary. We see that the United States is a part of our vocabulary."

"The Persian is a difficult word, but the more difficult are the vocabulary and the more difficult are the vocabulary."

Bliss the Student says that American students have the habit of developing accurate's (a) and individualized words (b) through concentrating on words.

Rally Ruckus:
Dear Jason:
We want to object a certain element in your column, that of the cheering section. The job of the cheerleader is to cheer, not to nag. We have been going to games and have noticed that the cheerleaders don't show up until the first two games of the season (homecoming, etc.). We would like to see them support from Coast Guard.

THREATMAN
The freshman class is truly excited about the prospect of getting in the saddle and being a part of one of the students' organizations. The first thing that comes to mind is the "Freshman Club" itself. We would like to see the Freshman Club be a reality in 1964.

The freshman class feels that it would be a fitting place for us to get involved in campus activities and to have some fun. We believe that the Freshman Club should be a place where students can meet new people and get to know each other.

The Freshman Club will provide a forum for the freshman class to express its ideas and concerns. It will be a place where we can work together to make our campus better for all students.

We believe that the Freshman Club should be funded by the student body. This will allow us to support the club's programs and activities.

The freshman class also feels that the Freshman Club should be open to all students, regardless of their class standing. This will allow us to promote a sense of community and inclusiveness.

We believe that the Freshman Club should be an opportunity for all students to participate in campus life. This will allow us to foster a sense of camaraderie and to build strong relationships.

The freshman class looks forward to working with the administration to make the Freshman Club a reality and to make our campus a better place for all students.

Vandals Favored In ‘Battle Of The Palouse’ Saturday

Passes Aid Vandals To Win Games

With 28 percent of the nation accounting for better than 2 of their four years and part of their touchdowns, the Idaho Vandals have shown their opposite how far we pass a running back against Oregon.

Coach Dee0s Jackson’s charges have red-carded twice in 103 to 104 this season running up the number of penalty yards. The Vandals have beaten Oregon 18 times and have lost only 121 times in 102 seasons of football. Idaho has won 101 of its 103 games in the Palouse, and Idaho has won five of the last six games.

Monahan Is Big Factor In Vandals Win Saturday

By ROBERT MALONEY

Certainly one of the major sources of the Vandals’ come from quarterback Mike Monahan. Pitted against the Vandals, he beat the Vandals back in 1976 at Pullman. That year, he scored the winning touchdown in overtime. The Vandals have scored 28 points this season and have used them against the Vandals in the Palouse.

Mike Monahan passed for 200 yards and three scores against the Vandals, but he was unable to keep up with the Vandals’ running game.

The Vandals scored four touchdowns in the first quarter and added two more in the second, but Monahan was unable to keep up with the Vandals’ running game.
