Present Squad to Train Pom Pon Candidates Plan to Meet

Girls interested in trying out for the Pompon squad are being encouraged to try out for the spring 1969 season. Tryouts will be held for at least two winter. Swim team meets are scheduled for March 21 and 22, and the official tryouts will be held on March 24. The tryouts will be open to all students interested in joining the Pompon squad.

The Pompon squad is composed of a two-year-old squad, the Pomponettes, and a one-year-old squad, the Pompons. The Pomponettes are composed of students who have been on the squad for two years and are returning for their third year. The Pompons are composed of students who have been on the squad for one year and are returning for their second year.

The Pompon squad is under the direction of the Pompon Committee, which is composed of students from all classes. The Pompon Committee is responsible for the planning and execution of all Pompon activities.

The Pompon squad is very popular on the University of Oregon campus, and it is highly regarded by the student body. The Pompon squad is known for its lively and energetic performances and is a popular attraction at University of Oregon events.

The Pompon squad is also known for its unique dress code, which includes pompon skirts, pompon shoes, and pompon hats. The Pompon squad is a great way to show off your school spirit and have fun with your friends.

The Pompon squad is a great way to get involved on the University of Oregon campus and to make new friends. Join the Pompon squad today and have fun with your friends!
Athletic Complex, Yes or No

With the formation of an ad hoc com- mittee of students to determine and express student opinion on the athletic complex, it may now be possible for students to make themselves heard by their leaders.

$75 a year does not come easy for any- one, especially for college students. On the other hand, the athletic complex has been a topic of discussion for many years. However, the committee of students has been able to express the opinion that the athletic complex is to be done. The committee of students has been able to express the opinion that the athletic complex is to be done.

There are many things that may happen. If the result of the formation of a committee is that the athletic complex is to be done, it will be possible for students to make themselves heard by their leaders. If the result of the formation of a committee is that the athletic complex is not to be done, it will be possible for students to make themselves heard by their leaders. If the result of the formation of a committee is that the athletic complex is to be done, it will be possible for students to make themselves heard by their leaders. If the result of the formation of a committee is that the athletic complex is not to be done, it will be possible for students to make themselves heard by their leaders.

The committee of students has been able to express the opinion that the athletic complex is to be done. Activities Board Interviews To Begin After Board Meeting

Interviews for Activities Board officer positions will begin in the next few days. Any student interested in being interviewed should get in touch with the Activities Board's Public Relations Officer, Dave Kellogg, in Room 313 of the Administration Building. Interviews will be held on Monday, March 13, from 10 a.m. to 2 p.m. and Tuesday, March 14, from noon to 5 p.m. The interviews will take place in the Activities Board Room, Room 308 of the Administration Building. The decision on which students will be interviewed will be made by the Activities Board officers. Interviews will be conducted by the Activities Board officers, who are responsible for selecting the students who will be interviewed.

James P. Smith
Activities Board President

Carroll Places Education First

Dear Jason,

Your letter arrived at my desk this morning, and I was pleased to read about your interest in education. As a student of education myself, I understand the importance of the subject. I hope that my advice will be helpful to you.

The first step is to make sure that you have a good understanding of the material. This means studying hard and not being afraid to ask questions. You should also try to get involved in your classes and participate in class discussions. This will help you to understand the material better.

I also think that it's important to have a good role model. In my opinion, this could be a teacher or a mentor who has already achieved success in the field of education.

I hope that my advice is helpful to you. Please let me know if you have any questions.

Sincerely,

Professor

DEBRA J. SMITH

Is This College? Writer Asks

Dear Mr. Smith,

I am writing to you about your recent article in the Idaho Statesman. I found it very interesting and thought that I would like to express my own views on the matter.

I believe that the college in question is a very good one. It has a strong emphasis on education and has produced many successful graduates. I also think that it has a good reputation in the community.

I hope that you will take the time to consider my views and that you will be able to bring this matter to the attention of the university administrators.

Sincerely,

[Your Name]
Peace Corps Man Here To Interview

Dan Lightly, an administrator of the Peace Corps, is here at Idaho for several days to interview interested college students for work in Latin America. Interested students can see him at the Dean of Students Office, Am. 16, 9-11.

New Area Directors Chosen Last Week

New Area Directors were chosen for four areas: Board, Idaho, and Oregon. These directors are very active in Peace Corps. They are Robert Sabin, Frank Dow, Aimee Hollar, and Charles LaChsea.

AIME

An AIME film will be shown in the IHS Theater on Tuesday night. This film is about Peace Corps. The AIME officers are very interested in Peace Corps. They are very active in Peace Corps.

Blue Key Talent Show Applications Due Fri.

Applications for the Blue Key Talent Show must be in the office of Frank Dow, 200 B, by 2:00 p.m. on Friday, February 23. Application forms can be obtained from any committee member or from Frank Dow. All applicants must be in the campus to apply. This will be held on Thursday, April 26.

KOSIA Paksall in the title role of Mozart's "Don Giovanni," will be presented on KUID Channel 13 Thursday, March 19. The hour-long opera is being presented as a public service.

One Week Left in "Silver" Contest

There is only 1 week left for Idaho's "Silver" Chase. The contest, which began on Monday, March 9, will end on March 16. The winner will be decided on March 17. Those who are planning to enter should do so before March 16.

In the "Silver Option Committee," the design of the contest is left open to the student body. The silver dollar will be awarded to the winner of the contest. The prize will be presented to the winner on March 17.

MONEY: THE STORY OF AN ENGINEER

We all know, of course, that in this age of technology, money is everything. The story of the engineer is the story of money. Engineers are the backbone of our society. Engineers are the people who make our lives easier. Engineers are the people who make our lives better.

Some say that the engineer is the most important person in our society. Others say that the engineer is the most important person in our society. Still others say that the engineer is the most important person in our society.

If you don't agree that business destroys individuality, maybe it's because you're an individual.

There's certainly a campus talk that claims individuality is dead in the business world. That big business is a big brother dehumanizing our society.

But freedom of thought and action, which was so vital to our society of years ago, will keep and nurture individuality wherever the student is in the arts, the sciences, and in business.

And so there's the ego and individuality of individualism.

Some say that the engineer is the most important person in our society. Others say that the engineer is the most important person in our society. Still others say that the engineer is the most important person in our society.

"I know this," said Portly. "But I don't know why the engineer is the most important person in our society.

Portly asked a question on the dashboard of the engineer's car. "Do you think the engineer is the most important person in our society.

"No," said Portly. "But I think the engineer is the most important person in our society."

Vandals Split First Doubleheader

Idaho Tracksters Take Three Firsts
Coach Dee McVay will be looking for more good performances from his tracksters when they enter the Vandal Relays this weekend in Moscow. McVay said the tracksters are "in shape and ready to go" and he expects them to do well in the meet.

The Vandal Golfers Win And Lose
The Vandal golfers did pretty well when they played at the Benidorm Invitational last weekend at Walla Walla. The Vandal team lost to Idaho's Roosevelt, Idaho State and Oregon.

Freshmen Netters Are Impressive In Tourney
While Boise Coach Dan Stevick announced that his freshmen were still making progress toward qualifying for the upcoming national tourney, he said the team was "particularly pleased with the progress of the freshmen on campus. The freshmen did not make any errors in their opening game but did not feel that their game was up to their potential. The freshmen team did not play as well as the seniors and juniors, but they were very good." The Vandal team opened the season against the Oregon State team on March 11 and won 7-1.

Bergset, Skogland Set For NCAA Championships
For NCAA Championships

The heart of the Vandal cross-country team is come to the end of its season. The team is looking forward to the NCAA championships on November 12, when they will face the best teams in the country.

The Vandal cross-country team has been training hard over the past two months. They have been working on their stamina and technique to prepare for the championship meet.

The team has been working on their technique and stamina to prepare for the championship meet. They have been training hard over the past two months and have been working on their strategies and tactics.

The team will be looking to qualify for the NCAA championships and will be looking to place well in the meet.
